EXTERNAL EMAIL - This email was sent by a person from outside your organization.

Good afternoon Kathy,
Hope you are having a good week so far. We are in Asheville, NC right now and the trees/weather has been beautiful. I love this time of year.
The purpose of this email is to tender my resignation at Bolton's Virtual Board Clerk effective December 31, 2026. Next year is turning into the "travel" year for my husband and myself. Right now, we have two vacations planned with more being considered. This is something we have been planning since we retired in 2023. It will be hard to attend virtual meetings while we are on the road/traveling overseas, etc. And it would not be fair to Bolton if I am unable to attend, especially during budget season.
I have truly enjoyed my time as your Board Clerk and the people I have met virtually have been so wonderful and helpful. I will miss seeing them on my IPad screen!
Thank you so much for everything these past couple of years. If you need some assistance in the future, please reach out and I"ll be happy to help if possible. Have a wonderful holiday season!!
Sincerely,
Mary

3.0 Consider and Act on Other Actions for the Town Green Project:
The BOS determined to remove the block seating from the bid specification package to entice more competitive bids for the project. Town Administrator James Rupert stated the town engineer determined that a re-bid duration of 10 business days would be sufficient and to close the bid on October 2, 2026.

Removing the block seating from the original bid package would reduce the cost of the overall project by $3-5K. Previous bidders expressed concern sourcing the material and the logistics of delivery. First Selectman R. Fournier stated that the block seating could be sourced in-house by the town with the block seating being delivered to the site, to preserve the original design.

J. Rupert stated the possibility of offsetting another $100K by locally sourcing fill material, reducing the overall project cost to $250K.

Selectman M. Clarke **MOVED to AMMEND** the current bid specification package to remove the block seating from the original design plan and re-bid the Town Green Project with a closing date of October 2, 2026..

4.0 Bolton Preservation Council:

a. Possibly Consider and Act on Eagle Scout Deterra Pouch Presentation

Nathan Holberg, member of the **Bolton Youth Prevention Council,** an affiliate organization under the Governor's Prevention Partnership presented to the BOS the "Prevention Starts with You" campaign. The campaign features the Deterra Prevention Pouch which encourages practical, discrete, and safe drug disposal by removing perceived stigmas and barriers, as well as preventing the accidental overdose of people, pets, and safeguards the environment by reducing the disposal of medication through storm and domestic sewer systems.

Members of the Governor's Prevention Partnership presented that the Deterra Prevention Pouch is part of the "Prevention Starts with You" campaign funded by settlement money awarded from pharmaceutical drug companies:

- Opioid Settlement Funds (settlement money) are available annually for Connecticut communities.
- Awarded annually since approximately 2022.
- The "Prevention Starts with You" campaign is approximately $23,000 and includes:
    - ~2000 Prevention Pouches mailed to all Bolton residents to encourage the safe dispose of prescription medications.
    - An additional ~400 pouches distributed to the municipality to have on hand for in-person distribution.
    - As well as informational mailers to local households providing additional resources.

The Town of Bolton has:

- More than $40K in a contingency fund set aside for medication disposal prevention and public outreach initiatives and has not spent any money to-date.
- Been in conversations with Eastern Highlands Health District regarding a regional approach towards prevention strategies.
- Has existing medical lock boxes located throughout town.

5.0 Possibly Consider and Act on EHHD Discussion on Regional Use of Opioid Funding:

Ande Bloom, Senior Project Specialist, Eastern Highlands Health District (EHHD).
Presented strategies for municipal member communities within the health district to coordinate and share outreach and prevention resources. Opioid issues are recognized being prevalent in older demographics.

EHHD offers a $11K contract to collaborate with any member community, i.e. Bolton Prevention Council, tabling local municipal events, stocking Naloxone in public AED locations, monitor and report opioid related population data, develop and implement a community awareness campaign, and coordinate outreach activities with other participating member towns. Funds come from the Opioid Settlement Funds and are not taxpayer monies.

Health professionals from Amplify, which partners with the Regional Behavioral Prevention Council, stated that federal funding is slated to end in FY2027 and suggested that the Opioid Settlement Funds may be considered offset costs and initiatives to support the Bolton Prevention Council.
