Dear Superintendent Kelly and President Francis:

We are pleased to inform you that the CityLab High School and Franklin Cummings Institute of Technology partnership has been approved for Initial Designation as a Massachusetts Early College Program starting in Fall 2026.

Together with the Early College Joint Committee, we thank you for your engagement with this process and your demonstrated commitment to your students' postsecondary enrollment, persistence, and completion. We are confident that your program design will offer students a transformative experience to thrive academically and beyond. We congratulate you on this achievement, particularly given the rigor of the established criteria and the extensive requirements of the application.

Programs approved for Initial Designation will be eligible to receive a DESE funding grant in FY2027. Please note that we are also currently reviewing a funding model for appropriate credit reimbursement to the IHE partners based on program modality.

Early College is a significant priority for each of us and for the Commonwealth, and we look forward to partnering with you as you launch the first year of your designation. Your program will receive additional onboarding information in the coming weeks, along with an invitation to an orientation session.

Again, thank you and congratulations.

Respectfully,

Noe Ortega, Ph.D.
Commissioner of Higher Education

Pedro Martinez
Commissioner of Elementary and Secondary Education
