Robert Stott, Retirement Analyst

Increased Post-Retirement Earnings Limits

Governor Healey's FY 2027 Annual Budget included an amendment to the calculation of excess earnings for superannuation and disability retirees. Retirees can now earn an additional $25,000, a $10,000 increase from the previous $15,000.

For work performed in the Massachusetts public sector post-retirement (public and private sector for disability retirees), members may earn the difference between what the member would be making if they were still working and their pension benefit. After retired for one full calendar year (January – December) they may now earn an additional $25,000.

This will apply to earnings limitations for all of calendar year 2026 and beyond. The 1,200-hour limit for public sector employment remains unchanged.

2026 Benefit Verification Process

The Revere Retirement Board is required by law to perform a verification of all retirees and beneficiaries who receive a monthly benefit. Please submit your form by December 4th. Failure to return a completed form will result in the interruption of a retirement benefit.

New Office in 2027

In the fall of 2027, the Revere Retirement System's office will move across the street to the site of the historic McKinley School at 65 Yeamans Street. The building will undergo comprehensive restoration and rehabilitation, designed by the acclaimed architecture firm CambridgeSeven. The Revere Retirement Board will be joined by the Metro North Regional Emergency Communications Center (MNRECC), the Early Childhood Education Center, and the City of Revere's Parking Department.

Member Self Service Portal – View Your Retirement Payments and Insurance Deductions

Access to our Self-Service Portal, where you can view your benefit payment history, 1099 information, print out income verification for entities such as Social Security, check the status of your account, make retirement projections, and more can be accessed through our homepage at https://www.revere.org/departments/retirement.
