MEPHC Strategic Plan: 2026–2030

As we begin a new year, MEPHC is taking a moment to reflect on the 2026–2030 Strategic Plan that continues to guide our work. Developed in partnership with BME Strategies, local public health department staff, and Board of Health members, the plan reflects shared priorities and the realities of public health work across our region.

Over the past year, this plan has helped align our efforts, strengthen collaboration, and support healthier, safer communities. The start of the year is a natural opportunity to revisit these goals and reaffirm our collective direction as implementation continues.

We invite partners and community members to review the Strategic Plan linked below and keep it in mind as we move forward together.

New Staff in our Region!

Please join us in welcoming Vivian Zeng, who will be joining the Town of Andover as the new Health Director. Vivian can be reached at vivian.zeng@andoverma.us.

Please also welcome Zerihun Ayele, who will be joining the Town of Reading as the new Health Inspector. Zerihun can be reached at zayele@readingma.gov.

We're excited to welcome Vivian and Zerihun to their new roles and look forward to working with them in the months ahead. Please join us in extending a warm welcome.

Youth Mental Health First Aid Sign-up

Christine Shaw, Ph.D., will lead a Mental Health First Aid class focused on youth (ages 12–18). Participants will gain practical tools to recognize and respond to mental health challenges, learn to identify early warning signs, provide appropriate support, and connect youth to resources, enhancing community outreach and crisis prevention efforts.

Winter PSAs available

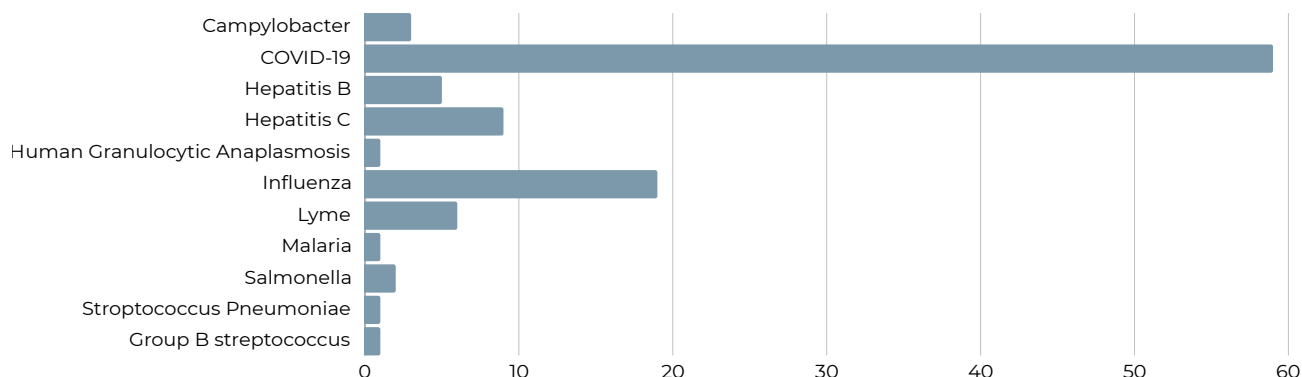

PSAs are developed seasonally and upon request to ensure consistent messaging across the region regarding public health alerts. They cover topics such as Extreme Cold Advisory, home heating and carbon monoxide safety, safe snow removal, and winter preparedness.
