RE: Utilizing New Resources to Improve District Communication  
DATE: April 8, 2026

At RSU 9, we want to make sure you always know what is happening with your child’s school and our district. We are working hard to make our communications better and have much more work to do. We always want to make sure we share news in a way that is easy and helpful for you.

To help us do this, we are using some new tools to look at how we share news. We want to find the best ways to reach you. Our goal is to make sure you get the right news and information at the right time.

## **Please Take Our Survey**

We need your help! We have a short survey for you to fill out. Your answers will tell us:

- **What do you use?** Do you like email, Facebook, or the school website?
- **How do you get news?** Where do you look first for school information?
- **How can we do better?** What can we do to make our news better for your family?

[Click here to take the survey](#)

The survey is short and your answers are private.

Thanking you in advance for helping us work towards keeping our schools, district, and your family connected!
