GIN AND CONTEMPORARY TONIC

**ROUNDED EDGES, NEUTRALS AND
OVERALL SLEEKNESS MAKE FOR A
TART AND REFRESHING FINISH.**

1 The doors on the Roller bar unit from Roche Bobois roll open on each side, allowing one or both sides to stay open for display. Legs are made of solid beech with a matte or glossy lacquer finish.

2 The anatomy and movement of a beetle — its shape, shells, sutures, rigid outside and soft inside — inspired the design of GamFratesi's playful Beetle stool.

3 The Verra mobile bar by BDI features a micro-etched glass surface all over that's durable and super easy to clean. Available in Aqua, Oyster and Black (shown here). The center storage drawer has a stemware rack incorporated underneath that locks the glasses in place so they don't collide or fall.
