

How to Sign In To Your Account

On the Website:

1. Visit bangordailynews.com. Look for the **Login** button, located at the top right corner, and click it.
2. You'll need to enter your **email address and the password** you chose when you set up your account.
3. If you prefer not to sign in every time, there's an option to click **"stay logged in."**
4. There will be a quick check to confirm you're not a robot—**just a simple box to click** and possibly a quick question or two to answer.

Step 1

Are you using Safari as your browser? You might find it helpful to enable a setting called ["enable cross site tracking"](#); It helps our site remember you the next time you visit.

On the Mobile App:

1. When you open the app, you'll see what's called a **"hamburger" menu—it's the icon with three lines**, looking somewhat like a hamburger. Tap it to open.
2. Inside, **look for a gear icon**—this is your settings menu. Tap it.
3. Here, you'll find the **login option**. Tap the login button and enter your details just like you would on the website.

Step 1

Steps 2 & 3

Step 1

On the E-edition:

1. On **bangordailynews.com**, select **“e-edition”** from the top menu (that’s another hamburger menu, available on any page on the website).
2. Once you click on “e-edition” **you may be asked to re-enter your login information.** The login screen will be the same as on the website and in the app.
3. You’ll know your login succeeded **when you see a black background with several logos** for a moment. Next you’ll see the most recent day’s paper.

On the Archives:

1. First, make sure you have a qualifying subscription and you’re logged into the site. Navigate to the archives page from the top menu, and click **‘Read Archives’** - if this page looks different than the image below, first check to make sure you’re logged in, and **confirm you have a Sustaining Digital Subscription on [My Account](#).**
