# Introduction...

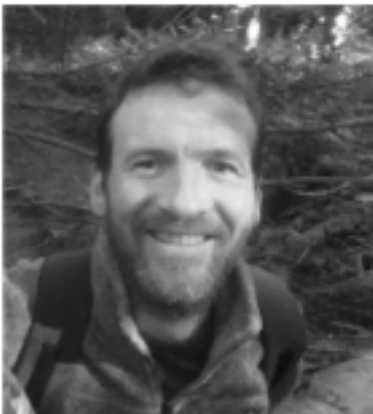

Thanks for getting a copy of this short resource guide. This is designed to make it easier for you to find information and resources that will help you get started and be successful in the DIY/Home Improvement niche.

The resources include help on getting started, examples of successful home improvement sites that you can model and learn from, links to the main home improvement niche 'influencers' and specific tips on how to drive traffic to a home improvement site.

If you would like to take a shortcut and get a ready made funnel in this niche, [check out Joe & Barry's offer here](#).

Any questions, contact me any time [here](#)
