Direct / Indirect LED Lighting

Indoor

Avanté LED

Avante's design is timeless and preferred by architects, engineers, specifiers and building owners. Embrace Avante's classic form with energy savings and long-lasting LEDs.

Dimming and Controls Options

nLight®

The Avante LED is available with on-board nLight® digital technology that allows the luminaire to communicate with control devices such as occupancy sensors, photocells and wall stations.

nLight is a networked digital lighting control system that is easy-to-use, easy-to-install and saves energy. With unmatched flexibility, nLight easily scales from one room to an entire campus. Create a lighting control solution that's perfect for your space and need.

eldoLED Options

Avante LED features eldoLED 0-10V driver as standard, providing smooth, seamless and flicker-free dimming to 1%. These advanced dimming capabilities save energy and prolong the life of the LED modules while taking full advantage of the LEDs range of dimming capability.

- 89% full-load efficiency means more LPW are delivered from the luminaire

Key Features

▲ Performance

- DesignLights Consortium® (DLC) qualified products available — Up to 100 LPW
- Delivers a soft light into the space and provides a quiet ceiling

▲ Luminaires

- 2x2, 2x4, 1x4 recessed luminaire sizes
- Air Supply/Return design available

▲ LED Attributes

- Numerous lumen packages in 4 color temperatures (CCT)
- LED lumen maintenance up to 60,000 hours (L90/60,000)

▲ Basket Options

- MDR, Metal diffuser, round holes
- SBL, Straight louver, round holes
- ADP, Acrylic diffuser, linear prismatic lens

Art and science come together to provide a lighting solution that offers both aesthetic and LED performance benefits.

Common Applications

Commercial office spaces, conference rooms, common areas, educational facilities, airports and medical facilities.

Additional LED Luminaries

Avante LED Series Direct/Indirect luminaires are part of the versatile Lithonia Lighting® indoor ambient lighting LED product portfolio. Front-of-the-house to back-of-the-house; whether a continuum of design or light source, new installation or retrofit — we have a lighting solution for you.
