Candlelight

Perhaps it’s the long winter nights that have made candlelight such an integral part of home life in Scandinavia. Candlelight creates an “occasion” out of an ordinary day.

Danish Iron

Inspired by a long tradition of metal-working dating to the Viking times, craftsmen forged these candleholders by hand. Simply change the candle color to match your decor or the mood of the season. NOTE: Prices for iron holders include glass cups, but candles are sold separately.

Swedish Ball Candleholders

Wooden ball candleholders in glossy red have been a Swedish tradition for generations. These new holders are made in a jumbo size to hold pillar candles. Red version comes with an accent of Swedish woven ribbon, while the white version is in an “unadorned Gustavian” style.
