The Differences in Programs

Mastermind:

- More community/family-driven - small
- We are only as good as our weakest link
- Accountability and expectations for action (double time)
- More access to my network, platform and resources
- More travel required, must be ready for the commitment (time-wise and money-wise)
- Individualized coaching via 1:1 calls with Jill

Ambassadorship:

- Continued access to all material (new + archived) and group access to Jill
- More DIY and for those who are not quite ready to jump with 2 feet in
- A way to stay connected to the BOY community and access new material
- Less regimented and more affordable

Mindset, Body, and Business
