about susan

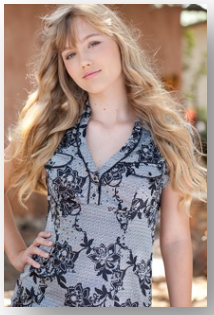

Susan A. Miner, MA is the founder and president of Beauty From the Inside Out. As an international supermodel, Susan graced the covers of *Vogue*, *Elle*, *Marie Claire*, *Self*, *New Woman*, *Bazaar* and many more! Her face represented such powerhouses in beauty as *Revlon*, *Gucci*, *Maybelline*, *Calvin Klein*, *L'Oreal*, and *Nivea*.

Modeling provided her with a wealth of experiences and financial freedom. Yet, she longed to pursue her passion for psychology and the healing arts. Susan embarked on a healing journey that included a graduate degree in Counseling, an apprenticeship with an amazing healer and a position as an adjunct Professor of Psychology.

Beauty From the Inside Out merges both the world of modeling and psychology. Susan's passion for helping women and men experience their inner beauty and peace is realized through guided energy work in her Supermodel to Role Model workshops, Modeling Mentoring Program, keynote speaking, writing, and internet media.

When she is not working Susan likes to hit the gym to lift weights or take a Flow class.
