Excellence in Higher Education Guide

EIGHTH EDITION

A Framework for the Design, Assessment, and Continuing Improvement of Institutions, Departments, and Programs

Brent D. Ruben

This edition offers a broad and integrated approach to design, assessment, planning, and improvement of colleges and universities of all types, as well as individual academic, student affairs, administrative and services units. The framework included in the Guide is adaptable to institutions and units with any mission, and is consistent with the current directions within regional and programmatic accreditation. The flexibility of the EHE model makes it appropriate for use with administrative or academic departments, with administrative or faculty councils or senate, and with programs, centers, or institutes. Moreover, the framework can be used by an entire college or university or with a particular department, division or campus.
