Declaration of interests

Dr Arends reports that his unit at Cancer Research UK Scotland Centre benefited from research support from the Leona M. and Harry B. Helmsley Charitable Trust, and holding stocks in Histofy Ltd UK.

Dr Asa reports receiving personal consultancy fees from Leica Biosystems.

Dr Davis reports receiving personal consultancy fees from Bayer Pharmaceuticals.

Dr Eloy reports that her unit at Ipatimup benefits from research funding and non-monetary support from Sakura.

Dr Esposito reports having received personal consultancy fees from Incyte in support of teaching activity for the European Society of Pathology.

Dr Ewalt reports having served on an advisory boards for Loxo Oncology at Eli Lilly and Arima Genomics, having received speaking fees from Pillar Biosciences and Illumina, and receiving personal consultancy fees from Pillar Biosciences.

Dr Felix reports having received personal lecturing fees and/or support for travel from AbbVie, AstraZeneca, GlaxoSmithKline, and MSD.

Dr Gonzalez reports receiving honoraria for editorial board work from Pathology Outlines Inc., Wiley, and Elsevier.

Dr Hiraoka reports that his unit at National Cancer Center Exploratory Oncology Research and Clinical Trial Center benefits from research funding from Ajinomoto Co., Nipponkayaku Co., and AstraZeneca.

Dr Hornick reports receiving personal consultancy fees from Aadi Biosciences and Tracoon Pharmaceuticals.

Dr Ishikawa reports that his unit at the University of Tokyo benefited from research funding from Olympus Corporation, and holding US patent #20220245804A1 on “Image extraction device, image extraction system, image extraction method, and image extraction program” licensed to the University of Tokyo NUC.

Dr Jain reports receiving personal consultancy fees from PathAI, and from Astella Biopharma in his capacity as an advisory board member; acting as an advisory board member for Agilent Biopharma; and holding stocks in Allovir Inc.

Dr James Yao reports receiving honoraria from Sanofi, Exelixis, Acrotech Biopharma, Chiasma, Ipsen, and HutchMed (past), and from TaiRx and Crinetics (current), in his capacity as an advisory board member.

Dr Kakar reports receiving personal consultancy fees from PathAI.

Dr Klimstra reports receiving personal consultancy fees from Paige.AI.

Dr Langer reports having received honoraria from MSD and Astellas in his capacity as an advisory board member.

Dr Longacre reports receiving honoraria from Merck (past) and Mersana, AstraZeneca, and Verastem (present) in her capacity as an advisory board member.

Dr López-Terrada reports having received honoraria in her capacity as an advisory board member of Loxo, and Eli Lilly.

Dr Luchini reports receiving honoraria from Astellas in his capacity as an advisory board member, and serving on the speakers' bureaux of Medica and MSD.

Dr Moulin reports holding investments in UBS companies, and designing and training semantic pathology foundation models for Deciphex Ltd.

Dr Natkunam reports that her unit at Stanford University benefits from research funding from Kite Pharma.

Dr Ngeow reports that her unit at National Cancer Centre Singapore benefited from research funding from AstraZeneca.

Dr Nishino reports that her unit at Brigham and Women's Hospital benefited from research funding from Daiichi Sankyo.

Dr Pantanowitz reports receiving personal consultancy fees from Ibex, AlxMed, and Hamamatsu; holding stocks in Ibex in his capacity as a medical advisory board member; being a co-owner of LeanAP Innovators and Placenta AI; and holding US patent #11257216 on “Sample imaging and imagery archiving for imagery comparison” and US patent #16653571 on “Systems and methods for specimen interpretation”.

Dr Polydorides reports receiving personal consultancy fees from Jazz Pharmaceuticals (past) and Agilent Technologies (present), and holding stocks in Agilent Technologies.

Dr Rindi reports having received personal consultancy fees from Bracco Imaging Suisse, and from AAA in his capacity as a speakers' bureau participant.

Dr Ryška reports having received personal consultancy fees and/or support for travel from Amgen, AstraZeneca, Bristol Myers Squibb, Eli Lilly, Gilead, Merck, MSD, Roche, and Sanofi.

Dr Sampson reports receiving honoraria from Promatix Ltd in his capacity as a scientific advisory board member.

Dr Schirmacher reports having received personal consultancy fees from Incyte, and that his unit at Heidelberg University benefited from research funding from Incyte.

Dr Sepulveda reports having received honoraria from Merck, Bayer, Roche, Bristol Meyers Squibb, and Caris in her capacity as a scientific advisory board member.

Dr Setia reports having received personal consultancy fees from Bristol Meyers Squibb

and from Astellas in her capacity as a speakers' bureau participant.

Dr Shia reports that her unit at Memorial Sloan Kettering Cancer Center benefits from research funding from Paige.AI.

Dr van der Post reports that her unit at Radboud University Medical Center benefits from research funding from the Radboud Oncology Foundation, the Louise Vehmeijer Foundation, and the Hanarth Foundation.

Dr Vanoli reports receiving honoraria from Beigene and Amgen in his capacity as an advisory board member.

Dr Yoshida reports that his unit at the National Cancer Center Hospital benefits from research funding from Daiichi Sankyo.

Dr Zlobec reports that her unit at the University of Bern benefits from research funding from Aiforia Technologies, and serving on the Aiforia scientific advisory board.
