Quotes

Baylor head coach Joey Scrivano

On the match:

"Nebraska came out and played really well today. They pushed us in a lot of positions. We really had to dig down deep and figure out a way to win and thankfully we did."

On getting production from the bottom of his lineup:

"Nebraska has a very strong top of the lineup and they can push anybody in the country in my opinion. We knew we were in for a tough test at all positions, but especially at the top. It is good when you can win matches with different players pulling out wins. I am proud of the way our bottom played."

On doubles play:

"I was proud of the way we played doubles today. We were better than yesterday. We are moving in the right direction, but we have played a lot of tennis in a short period of time. It will be nice when we can get this tournament behind us and get back to the practice court and work on some things."

On tomorrow's potential match-up with Texas or Texas A&M:

"Anytime you play an in-state rival, it is a great match and it is a match that we are definitely going to get up for. Add that it is the Big 12 Championship match; it is going to be a lot of fun. It is going to be real exciting."

Nebraska head coach Scott Jacobsen

On the match:

"Here's the team that's No. 5 in the country in Baylor University. I know our kids thought they could win today. They played in a fashion that they could get it done. The difference maker was Baylor's depth."

"They have six awfully incredible singles players and I think their doubles was probably the strongest I've seen. Yet, when we finished, we were ahead at No. 1 singles and No. 2 singles and a real tight match at No. 4 singles. So, we had some opportunities. Credit to Baylor's depth. They're just too deep and we're just not at the level they are. I'm really proud of the kids and the way they competed today and all season long."
