

SESSION 2 QUOTES - GAME SIX - MAY 9

NO. 4 TEXAS 10, NO. 5 NEBRASKA 5

Julie Brechtel, Nebraska, Second Base

On her seventh inning homerun:

"I really didn't want to be the last out, so I figured any way to put the ball in play and get on would help us keep the game going. I was lucky that it went out."

Rhonda Revelle, Nebraska, Head Coach

On today's loss to Texas:

"It's hard to put eight free baserunners on in the first four innings and not have that bite you a little bit, especially when you're doing it without any outs. It was a tough day for our pitchers. You score five runs and you hope you could win a ballgame, but we're hopeful we'll get in the postseason, clean that stuff up and move on."

Brittany Barnhill, Texas, Pitcher

On the win over Nebraska:

"We were definitely very excited going into this game because we dropped two to Nebraska during conference and we just really worked hard this whole time, and we were ready to come and try to get them this last time."

Connie Clark, Texas, Head Coach

On semifinal matchup with Oklahoma:

"We just have to digest this one. Everytime you get to the Big 12 Championship you've got familiar opponents. We'll take some time, look at the notes and start gearing up for the Sooners. Obviously they are a good ball club, and they probably have redemption on their mind with us. We're looking forward to facing-off with them tonight."
