*On their third straight Big 12 win...*

"It was great. The ladies went out very aggressive at the start. They struggled a little at the end, but then came through and showed a lot of heart to take the championship."

*On Rose Tanui...*

"She looked great all the way through. She looked strong, attacked on the hills, and looked great on the flats. It was going to be hard to beat her today with how strong and aggressive she ran today, it was an outstanding effort."

*On winning the individual title and the team title...*

"It kind of tops it all off being able to take it all home together, but our main focus was on the team part and then for Rose to do that individually was quite an honor for her and that brings honor to the school."
