Time of Match: 2:35

POST-MATCH COMMENTS

Texas head coach Patty Fendick-McCain

On winning the doubles

"We told our team to be ready to go within 10 minutes or less after the completion of the earlier matches. There was a little bit of confusion with the timing of the matches yesterday, and we were a little hacked about that doubles yesterday. We wanted that point badly today, and they got the job done."

On the singles victories from Aerial Ellis and Maggie Mello

"She has struggled a bit in the last month, but she was ready for a good performance today. she's. Today was the first time I've seen her in that form in about three weeks. It was good to see her back out there in great form. Maggie turned the corner when we player Baylor last time. She came all the way back to win that match, and she has been great ever since."

Nebraska head coach Scott Jacobson**On the team's performance**

"I think that we were just outmatched today. Texas played tremendously, and that is one of the reasons why their program is top-20 in the country. I was really proud of our team's effort, but we just came up short against a team that played at a much higher level than us today."
