POST-MATCH COMMENTS

Baylor head coach Joey Scrivano

On his team's performance: "I am just really proud of my team. They just competed real hard from start to finish. It is never easy to beat Texas. To play them in Austin twice this year and come out with two wins is really impressive, and I am really proud of them. It has been a great year and all the players are deserving of all the awards and recognition. They have earned it."

Texas head coach Patty Fendick-McCain

On her team's performance: "It is a little disappointing. We didn't play our best doubles today. Whenever you are starting without the doubles point, you have to win four matches and that is pretty tough. We fought hard all the way down the stretch. Baylor is the No. 1-ranked team in the country, and we played real tough."
