

Oklahoma State Head Coach Dave Smith

*On sixth-straight Big 12 title*

"It feels really good. I think this is a really tough conference. Over the last eight or nine it's been the toughest conference in the country and people were a little underrated this year, underappreciated. I think Iowa State is a very good team and so are Texas, Kansas, and Oklahoma. I think we still got a really strong conference. Coming away with six in this conference is really good."

*On continuing next season*

"I think we're pretty good next year. If you look, the conference is heavy with seniors and there's a lot of people graduating in that top 10 or 15 that are seniors and then you start counting back and I think we've got five of the top 10 returners so I think we're still in pretty good shape."

*On nationals November 23*

"Well, we've got to get better between now and November 23. I think the regional, we're in pretty good shape for but we've got to improve if we want to contend for a national championship and obviously that's our goal so we've got some improving to do but we've been able to do it in the past and hopefully we can get it done."
