Joey Scrivano, Baylor Head Coach

On his team's success today:

"We were really efficient today and that was because they players were ready to play and business-like and it was a good day"

On the freshmen playing in their first conference tournament...

"It's always great to get your freshmen match experience, especially post-season experience. They handled it very well and they've grown a lot this year."

Jeff Mittie, KSU Head Coach

On the result and the season:

"Congrats to Baylor. They were too strong for us today. I think watching them shows me as a coach and shows us where we need to be and what we need to work on. We've got a long way before we can challenge a team like Baylor. But I think overall as the season went on we improved and I think we finished playing our best tennis; so I am really happy about that. We went through a lot of adversity this season and a lot of ups and downs, and I think we all grew stronger as the year went on."

Match Notes:

- Due to rain in the area, singles were contested first.
- No. 1 seed Baylor advances to play the TCU-Texas winner at 3 p.m. in Saturday's semifinals.
- Baylor advances to the Big 12 semifinals for the 12th straight year.
