FINISH ORDER: Singles: 1, 3, 5

Doubles: 1, 2, 3

Joey Scrivano, Baylor Head Coach

On winning another championship:

"I'm just so thrilled for our upperclassmen, Ema, Kiah, Blair. They've experienced this before, but they had to lead the way this year. And, of course, our rookies were fantastic our entire regular season and now in this post-season tournament. I'm just so excited for them. For me, obviously it's a great experience and it'll never get old, but I love seeing the rookies win a championship and experience it as well."

Todd Petty, Texas Tech Head Coach

On the match:

"I did not feel like we played 100 percent the most mature match. I felt like we gave ourselves a shot. We didn't play scared tennis by any stretch. I felt like we played well in doubles at the start. At 3-2 up a break at No. 3 doubles, we had a big lead at No. 1 doubles, but we just played two very immature games up a break and Baylor got momentum back and was able to finish the match. Against great teams, like Baylor is, you only get one look. We did not take advantage of that look in the doubles and same goes in singles. We had a great shot at winning maybe three of four first sets. Again, they gave us one look and we played a couple of immature games there and they stole the momentum again. Hopefully we learn from it again get a little better from it."

Match Notes:

- Baylor won the program's eighth Big 12 Championship title.
- The match was moved to the Hawkins Indoor Tennis Center due to rain in the area.
