LETTER FROM COMMISSIONER DAN BUTTERLY

Dear Big West Members, Alumni, Fans and Friends,

Welcome to The Big West.

Since 2020, The Big West has grown stronger through the addition of new membership, continued excellence on the field of play and in the classroom and through a host of exciting new initiatives. The Big West's new brand identity is but one of those initiatives. Through an extensive research process, which included input from more than 2,200 Big West stakeholders, we created a new brand identity and adopted a bold new attitude which is reflected in our logo and each of our brand expressions.

In redefining The Big West brand, we've made a strong statement about who we are and where we're heading. Now it's up to each of us to act in order to truly embody this bolder vision. Expressing this vision begins with implementing our identity - the outward symbol of our strong belief in our purpose. The following pages provide detail on who we are as a conference as well as guidelines on how to use our logo and word mark appropriately.

This is an exciting time to be a part of The Big West. As our conference evolves, there will be periodic updates to this document. If you have any questions surrounding the brand or how to apply it, please feel free to reach out. We are happy to work with you to find solutions.

Sincerely,

Dan Butterly
Commissioner
The Big West

Only The Bold!

OUR BRAND

PART 01

OUR BRAND

This is a new era for The Big West.

With new leadership and new competitive opportunities in the wake of the COVID-19 pandemic, The Big West is poised for an era of unprecedented growth.

In January of 2021, The Big West Brand Task Force, a group that included representatives from all Big West institutions at all levels of responsibility, set out to guide the process of redefining and properly positioning The Big West brand to meet the unique challenges and opportunities that lie ahead.

The guiding objectives in the process were:

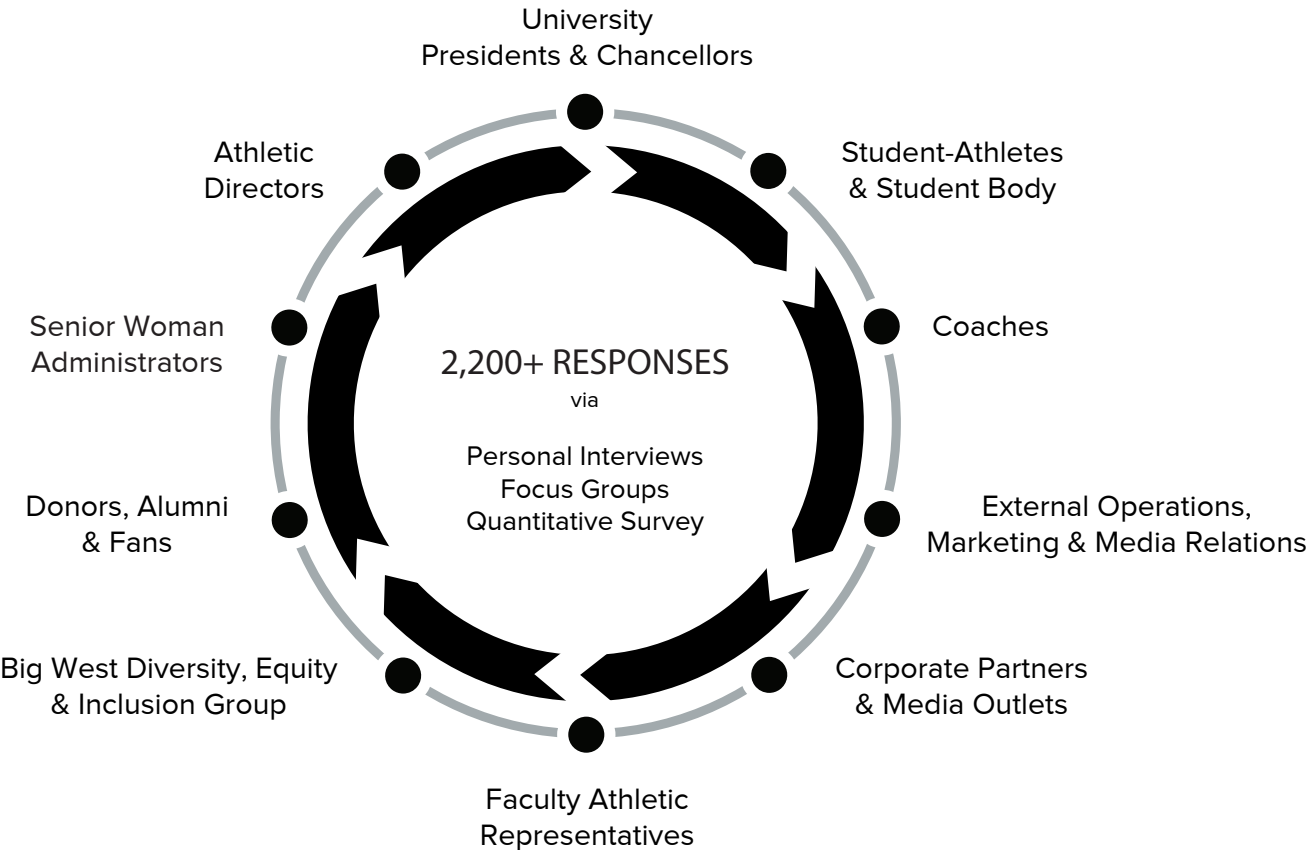

1. With new leadership and a new vision in place, prepare the brand for unprecedented growth.
2. Create an emotional and intellectual connection to the brand.
3. Stand apart within the collegiate marketplace.
4. Have high appeal to our main audience(s) – Gen Z.
5. Be powerful, resonant and genuine.

In the months that followed, over 2,200 of the individuals most invested in the success of The Big West were asked to provide input on the future direction of the brand.

OUR BRAND

Many times a brand is focused on logos and taglines, but a brand is much, much more. The Big West name and the “Flying BW Icon” logo are important symbols, but they are not the brand. The Big West brand is the feeling or emotion the conference strives to own and consistently replicate in order to build a greater connection to those who are invested in its success. The Big West brand then is not one single thing but a reflection of an experience.

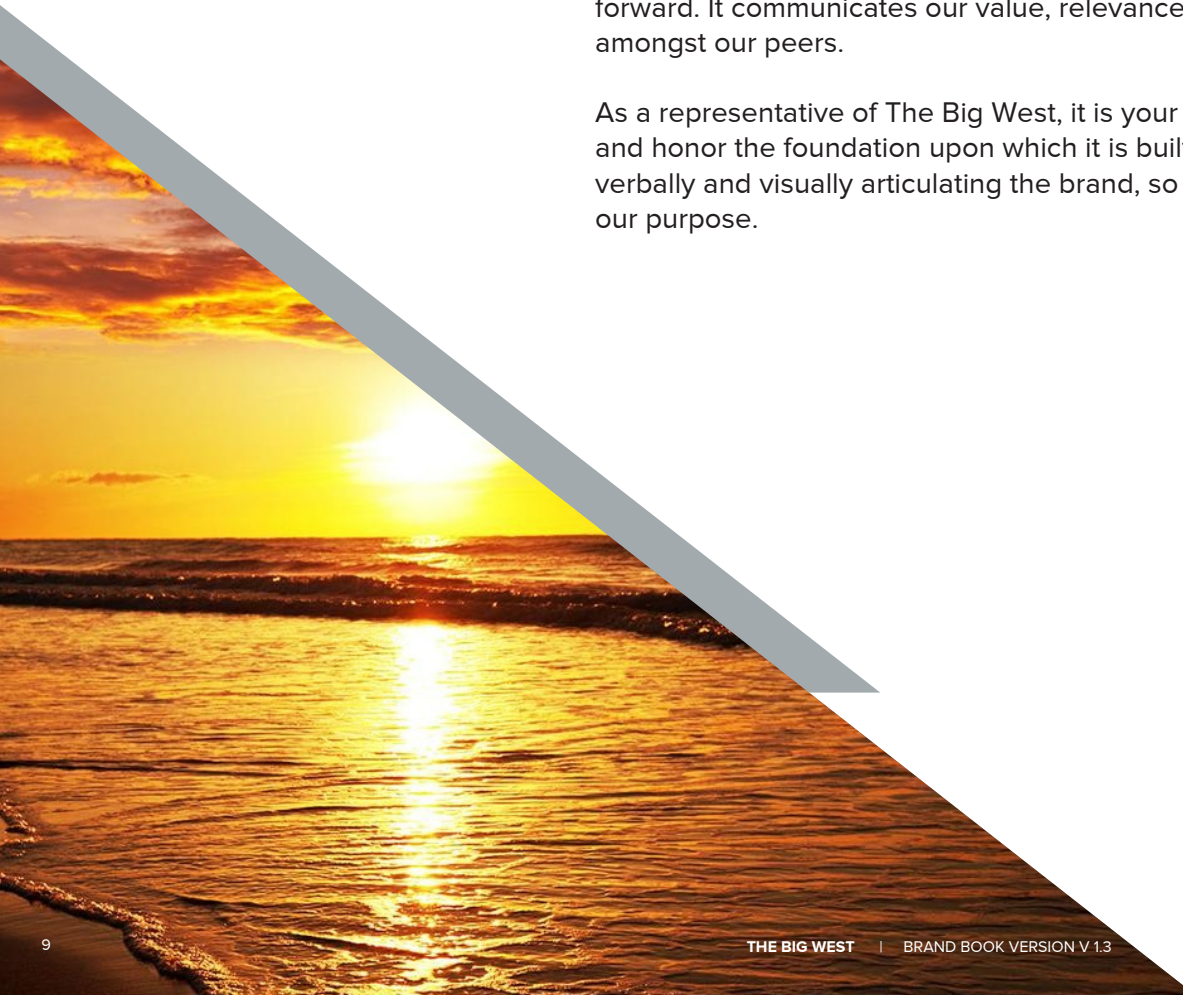

OUR BRAND

The strength of The Big West brand also transfers directly to our membership and vice versa. The public perception of any athletic program is strongly informed by conference association, which influences such concrete assets as media revenue, national team rankings, non-conference scheduling leverage, recruiting practices, alumni relations and student enrollment, to name a few.

The new Big West brand creates a compelling vision of who we are and what we will become. It is the foundation of how everyone associated with The Big West will think, speak and act moving forward. It communicates our value, relevance and aspirations and creates a point of differentiation amongst our peers.

As a representative of The Big West, it is your responsibility to protect the value of the brand and honor the foundation upon which it is built. This guide exists to lead the process of verbally and visually articulating the brand, so The Big West can fulfill the promise inherent in our purpose.

OUR EXPRESSION

OUR EXPRESSION

It's easy to play it safe, but that's not the brand we're building. We think big. We boldly go for the win and we choose innovation over stagnation.

Our expression defies convention and speaks to the creative, visionary spirit of The Big West. It's unafraid to spell out the difference between us and every other conference. It's an announcement of who we are and an invitation to those who seek bold lives and bold experiences on and off the field.

Only The Bold builds a sense of pride and belonging among stakeholders, helping further our sense of community. Beyond all of this, it's an incredibly powerful platform for telling our unique stories with confidence and conviction, helping to build The Big West brand.

"You must play boldly to win."

PRIMARY LOGO

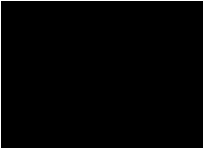

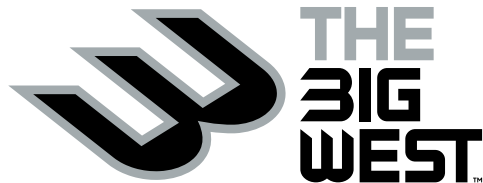

ABOUT OUR NEW PRIMARY LOGO, THE “FLYING BW ICON” AND WORD MARKS

The Big West Primary Logo is the physical representation of all that we believe in and stand for and must be carefully presented according to the guidelines set forth in this document. In addition to color and composition, our new primary logo consists of key elements outlined in the ensuing pages – the “Flying BW Icon” and “The Big West” Word Mark.

PRIMARY LOGO

THE “FLYING BW ICON”

This icon is a creative fusion of the “B” of Big and the “W” of West, the key initial letters of our alliance. The design of this icon is contemporary and moving forward, like our conference.

In the immediate future and unless otherwise articulated in this document, the “Flying BW Icon” **MUST ONLY** be used in conjunction with the Word Mark, which together compromise the Primary Logo. However, there are certain permissions outlined within the General Uniforms Application section which require that the “Flying BW Icon” be used independently from the Word Mark. This is due to the limited space allowed by the NCAA for marks on uniforms. The exception has been made for uniform marks to maximize the visibility of our brand (via the “Flying BW Icon”) on television and within the competitive environment.

PRIMARY LOGO

WORD MARK

Based upon the typographic type font named Bunken Tech Sans Pro, our “The Big West” Word Mark is bold and fresh. We capitalized the “T” of the definitive “The”. This is to express and support our uniqueness. It’s also a part of our culture to use “The” in daily conversation...“I took The 405 to The 605”, etc. The B and the W are inspired by our “Flying BW Icon” and the left-aligning composition recalls the West Coast of the USA. While the full primary mark is the preferred use, there may be situations where only use of the Word Mark makes sense.

THE
BIG

PRIMARY LOGO

OPTIONAL WORD MARK COMPOSITIONS, HORIZONTAL

While use of The Big West “Flying BW Icon” is preferred across all possible applications, the optional The Big West “Flying BW Icon” and Word Mark compositions presented here are permissible for use on elongated horizontal orientations in order to maximize brand readability and legibility.

PRIMARY LOGO

OPTIONAL WORD MARK COMPOSITIONS, VERTICAL

While use of The Big West “Flying BW Icon” is preferred across all possible applications, the optional The Big West “Flying BW Icon” and Word Mark compositions presented here are permissible for use on elongated vertical orientations in order to maximize brand readability and legibility.

TYPOGRAPHY

The Big West has provided the following approved typography for use in all brand related communications.

– For headline and subheadline purposes.

PRIMARY LOGO

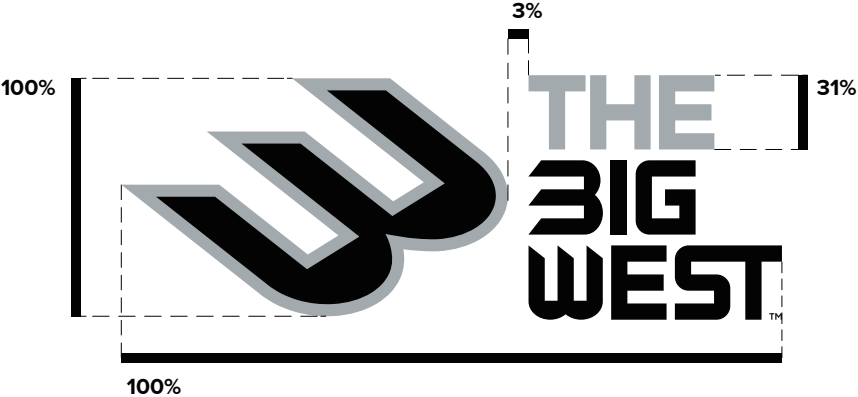

CLEAR SPACE

On this page are specifications to determine the minimum distance between The Big West Primary Logo and other visual elements. Adherence to these clear space standards ensures the easy readability of The Big West Primary Logo. The clear space around the Primary Logo can be determined by measuring the width of the letter ‘T’ in the wordmark.

ASPECT RATIO

The Big West requires that the Aspect Ratio is always maintained. The Aspect Ratio regulates the size and compositional relationships between the Primary Logo elements (Word Mark Typography and the “Flying BW Icon”) according to the percentages outlined here.

PRIMARY LOGO

UNACCEPTABLE USE

The Big West logo should NEVER be altered in any way.

NEVER outline any element within The Big West logo.

The Big West logo should NEVER incorporate a drop shadow.

The aspect ratio of The Big West logo should NEVER be altered.

The Big West logo should NEVER be stretched or squished.

The Big West logo should NEVER be skewed.

The colors of The Big West primary logo should NEVER be inverted.

Elements should NEVER invade the approved Big West logo clear space.

PRIMARY LOGO

APPLYING TO IMAGERY

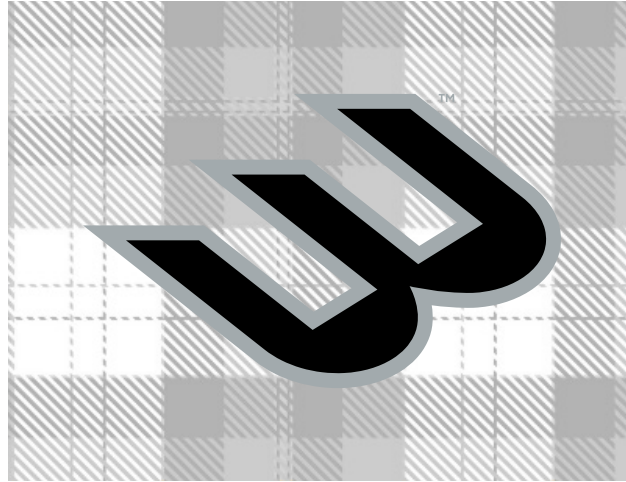

When applying The Big West logo over imagery, it is important to find locations within the imagery that is clear of visual elements that can impede the readability of The Big West logo. Logos over imagery can be expressed in school colors, the official colors of The Big West or black and white as in the examples.

PRIMARY LOGO

APPLYING THE “FLYING BW ICON” TO VISUALLY CHALLENGING BACKGROUNDS

When applying The Big West logo over and onto visually challenging backgrounds, such as the examples shown, it is permissible, even suggested that the “Flying BW Icon” be used exclusively by itself. This is because use of the full primary logo (which includes The Big West Word Mark) will be difficult, if not impossible, to read.

PRIMARY LOGO

MERCHANDISE SAMPLES

The Big West has provided a sampling of logoed merchandise samples. As shown here, it is permissible for the “Flying BW Icon” and the Word Mark to be separated as long as both elements of the logo are located on the merchandise.

LOOK TOOLS KIT

LOOK TOOLS KIT

THE “FLYING BW ICON” WITH INTERNAL IMAGERY

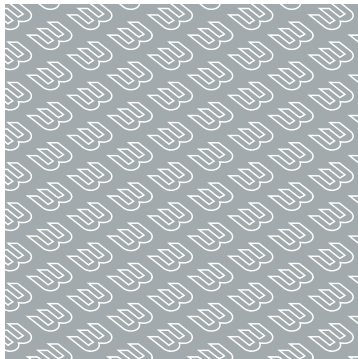

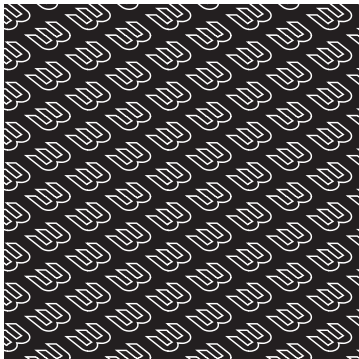

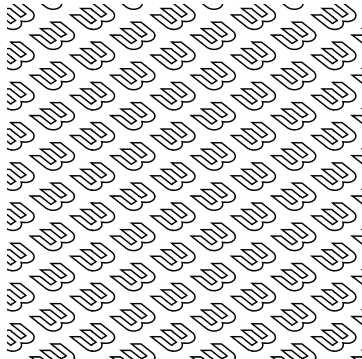

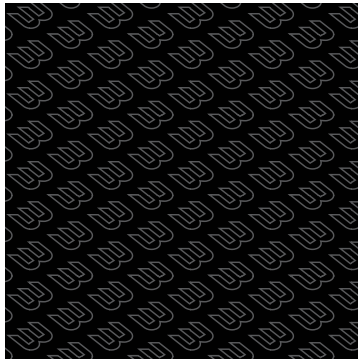

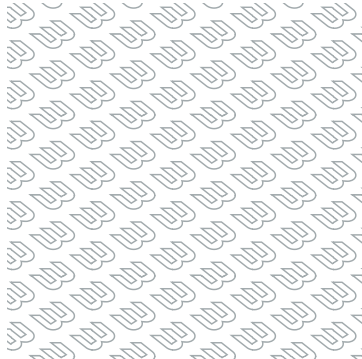

The Big West Look Tools Kit provides a suite of graphic elements for use in extending The Big West brand across digital, social, advertising, public relations, marketing, communications and merchandise. The Big West encourages the use of imagery within the “Flying BW Icon” as applied to marketing and communications collateral. Doing so will aid in telling the many compelling stories in motivating ways which tie The Big West and the event together. It is permissible to move imagery outside of the bounds of the “Flying BW Icon” as long as the logo is still recognizable as in the examples below.

LOOK TOOLS KIT

THE “FLYING BW ICON” PATTERN SAMPLES

The Big West has provided a series of “Flying BW Icon” patterns for use on backgrounds, press conference backdrops, etc.

GENERAL UNIFORM APPLICATION

All Big West teams must display the “Flying BW Icon” on their respective uniforms during competition. Specific application standards by sport are included in the pages that follow. Standard uniform presentation shall be the left chest, centered between the shoulder and neck seam opposite the manufacturer’s mark. The right chest is also acceptable if a conflict occurs with the manufacturer’s logo. Alternate presentation to the chest shall be the left sleeve when a conflict with the standard presentation. Guidelines regarding logos on headwear or other uniforms/equipment are specified by sport. **If you need assistance with logo placement and/or approval, please contact the conference office.**

The application of the “Flying BW Icon” on uniform/headwear was required for all sports beginning with the 2022-23 competitive seasons. Any remaining use of the old Big West marks must be covered or replaced.

Additional applications on secondary apparel (shorts, shooting shirts, warm-ups, etc.) and equipment (golf bags, racket bags, etc.) are encouraged but not required.

The Big West Board of Directors unanimously approved The Big West brand identity in 2021. At that time they also affirmed that the costs associated with expressing The Big West brand would be borne by each member institution unless otherwise specified.

If you have questions or need assistance in interpreting or applying any of the guidelines in this document, please reach out to Tom Davis tdavis@bigwest.org or Sara Perry sperry@bigwest.org.
