Timothy Lapham, MD
Medical Director, Inova Loudoun Wound Healing Center
NOVA Wound Care PC

Program Description

2020 Innovations in Wound Management

Chronic wound care is an important subject that affects many different medical fields. Physicians, mid-level providers and nurses need to understand the basics of wound healing in order to provide the best care to their patients. This one-day conference will allow health care providers to learn current practices in wound care as well as background information on what causes a wound to become a chronic, non-healing wound, and what steps to take to facilitate wound healing. Presenters will provide both lectures and hands-on sessions.

Who Should Attend

This symposium is intended the following medical specialties:

- Primary Care Physicians
- Podiatrists
- Critical Care Physicians
- Surgeons
- Physical Therapists
- Advanced Practice Providers
- Physician Assistants

Learning Objectives

1. List at least three appropriate specialists who may be brought in on a non-healing wound case and identify the impact specialists would have on care provided to the patient.
2. Identify at least three comorbidities that impact wound healing.
3. Examine the advanced modalities available in advanced wound healing centers so clinicians know when and why to incorporate advanced wound healing experts in to the care team.

Accreditation Statement

The Inova Office of Continuing Medical Education is accredited by the Medical Society of Virginia to provide continuing medical education for physicians.

Credit Designation

The Inova Office of Continuing Medical Education designates this live educational activity for a maximum of **7 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Physicians may claim up to **7 credits in Type 1 CME** on the Virginia Board of Medicine Continued Competency and Assessment Form required for renewal of an active medical license in Virginia.

Program Schedule

7:00 – 7:30 a.m.	Registration, Breakfast, & Exhibitors
7:30 – 7:45 a.m.	Introduction and Opening Remarks <i>Timothy Lapham, MD</i>
7:45 – 8:15 a.m.	Surgical Intervention: Part 1 Anatomical Structure that Leads to Wounds and Surgical Intervention <i>Cameron Phipps, DPM, AACFAS</i>
8:15 – 8:35 a.m.	Local Flap Options for Non-Healing Wounds <i>Kapil Verma, MD</i>
8:35 – 9:05 a.m.	Special Populations: Part 1 Antibiotic Updates for Wound Care <i>Stephen Weinroth, MD, FIDSA</i>
9:05 – 9:20 a.m.	Break & Exhibitors
9:20 – 9:40 a.m.	Wound Care for the PCP <i>Genevieve Petraglia, FNP-C, GNP-C, CWS</i>
9:40 – 9:55 a.m.	Case Study #1 Case Studies <i>Timothy Lapham, MD</i>
