

#BCTECH Summit

MARCH 11 - 13, 2019 | Vancouver Convention Centre West

Youth Innovation Day

8:00am - 3:30pm | March 12, 2019 Vancouver Convention Centre West

Inspiring Tech's Next Generation

There's never been a better time to be in tech. British Columbia's tech sector has over 10,200 companies, employing more than 106,000 people. B.C. is the new tech hub for global companies like Microsoft, Amazon, Facebook, Boeing, Sony and SAP.

The #BCTECHSummit's Youth Innovation Day is an opportunity for the province to share with students what is new in the BC innovation ecosystem and offer them diverse and immersive programming on relative topics in the technology sector. Our goal is to inspire by showcasing what is available to them as they consider next steps in their education, careers and overall personal interest options when considering the Reality Revolution of tech integration and the jobs of the future.

Customizable agendas with each student's interests in mind

Inspiring Keynote speakers, Applied learning, hands-on workshops, buildathons

Reality Revolution Solutions in partnership with Innovate BC and Science Fair Foundation

Connect with leaders currently working in tech

Explore companies and innovations in the Marketplace & Foyers

The Reality Revolution

Are you ready to navigate this new age of innovation?

The world is changing at an unprecedented rate, with new realities introduced every day. How will we use emerging technologies - from AI to Robotics, Quantum to Clean-tech, Blockchain to AR/VR - to solve some of the biggest challenges facing BC and the world today? Explore the possibilities. Prepare for the future.
