MEET THE SPEAKERS

EVENT FEATURES

MAIN STAGE

Featuring the most influential leaders in the banking industry, these news-worthy live conversations explore how CEOs are building leadership strategies for the future of banking. In an era of information overload our world-class journalists cut through the hype and ask the hard-to-ask questions.

3 CONTENT STREAMS

Parallel content streams allow delegates to delve into the sessions most relevant to their line of business and connect with peers, suppliers and competitors. Streams include the Global Strategy Stage, Future Stage and Interactive Insights.

CIRCULAR DIALOGUES

Tapping into the wealth of experience both on and off-stage, these discussions are an opportunity for delegates to reflect on what has been said on stage and to share experiences with peers, speakers, and journalists.

MEETING & WORK SPACE

Our venue provides light and open spaces with unlimited refreshments and snacks, ideal for when you need to step away for a meeting or call throughout the day.

EXHIBITION AREA

A few feet away from the main stage delegates can take a break from live discussion and explore exciting new innovations on display at the summit.

NETWORKING APP

Our dedicated networking app enables you to schedule meetings with the most influential players in the banking industry and build valuable relationships.

REGISTER NOW

A NETWORKING EXPERIENCE TO REMEMBER

The FT Global Banking Summit will bring together industry CEOs and decision-makers you can't meet anywhere else. Join FT's exclusive banking community to:

- Increase your contact base to include some of the most prestigious and renowned leaders in the banking industry
- Access key decision-makers and initiate business deals
- Open doors to networks and be introduced to some of the most hard-to-contact people in the sector
- Test ideas, find inspiration and equip yourself with some actionable takeaways for your business's success
- Form relationships with like-minded peers and unwind in a relaxed environment

WHO WILL YOU MEET?

The event is expected to bring together Chairs, C-Level Executives and Directors from leading global banks and their key technology and innovation partners.

Financial crime - Meet top anti-money laundering experts, chief information security officers and cybersecurity leads at top financial institutions.

Climate and ESG - Sustainability and Net Zero forms a critical part of the agenda as bank targets come increasingly under scrutiny. Equally important are social governance and diversity and inclusion heads - expect chief sustainability officers, heads of D&I, and green financing experts.

Technology leaders - The digital transformation only seems to accelerate, and so our Future Stage will be a hub for payments, data, digital, and technology officers from top lenders. Future-looking topics like quantum computing, blockchain, and fintech investments will also attract technologists of all shapes and sizes expanding their offerings in financial services.

Board members - No event brings more banking CEOs and Chairpeople in one place; the same is true for C-level executives sharing insight on multiple developments - from Chief HR officers to Chief Operation Officers.

Regulators and Policymakers - Central bankers, finance ministries and even politicians are critical to the future of the industry.

FT Live networking app

How it works: Join the event via a magic link, choose interests relevant to your industry and event, plus why you want to network about their choice.

AI-powered matchmaking algorithm: Brella's AI-powered algorithm is designed to connect you with top matches in seconds based on your networking interests and goals.

Easy meeting scheduler: Schedule meetings well before the event with Brella's three-click meeting booking. Once a suitable match is found, you can suggest a meeting at a mutually convenient time. The platform offers a physical networking spot or a video call option automatically based on attendance type.

Participant list filters: Sponsors can filter the attendee list to quickly find the most qualified leads and connect with one click. Use the chat to get to know the other delegates and arrange meetings.
