Welcome to Discovery

This year, as we celebrate our 10th anniversary, we are able to offer you an exceptionally rich agenda with amazing world-class keynotes, a showcase of exciting new technologies, high stakes pitch competitions and stimulating panel discussions.

Our show floor will wow you with examples of what’s next in sectors as diverse as cleantech, advanced manufacturing, advanced health, digital technology, high performance computing, and aerospace.

We’ve also made sure that Discovery is a place to do business with more than 300 investors in attendance. Whether you’re looking for investors, new partners, new customers, career contacts or some expert advice or mentoring, you’ve come to the right place. You will be joining other key players from industry, academia, government, the investment community as well as entrepreneurs and students interested in collaborative opportunities.

Thank you for being part of what promises to once again be a valuable and memorable experience.

Michael Nobrega

**Competition: Investor Pitch**

Time is precious for venture capitalists and angel investors, and for entrepreneurs seeking capital, making an unforgettable first impression is crucial. Now in its second year, Discovery’s Investor Pitch Competition offers entrepreneurs of all ages an invaluable opportunity for a face-to-face with leading VCs and angel investors to deliver a compelling overview of your investment-ready company in 10 minutes or less.

Not only will finalists gain valuable feedback and insights from a renowned panel of judges, the winner will also receive $10,000 and an amazing prize package courtesy of the Keiretsu Forum. They will also receive $10,000 in legal services from Dentons.

**MODERATOR:**
- Martin Croteau, Director, Academic Entrepreneurship, Ontario Centres of Excellence

**JUDGING PANEL:**
- Andrew Abouchar, Partner, Tech Capital Partners Inc.
- Asli Isinak Gozoren, Region President & Board Member, Keiretsu Forum Istanbul
- Gideon Hayden, Senior Associate, OMERS Ventures
- Judi Iglehart, President, Keiretsu Forum International Chapters
- Yuri Navarro, Executive Director, National Angel Capital Organization (NACO)

**ASK AN EXPERT**

Fosters business connections between experienced captains of industry and small- to medium-sized businesses looking to expand their companies, launch their ideas/products or individuals seeking corporate advice.

Don’t miss your opportunity to connect with investors, entrepreneurs, corporate leaders, professional services and innovation support experts.

**Take your future into your own hands.**
**Visit booth # 901 and sign up now!**

Panel: The Valley’s new “IT” sector: The emergence of AgTech

What do Google and Kleiner Perkins know that we don’t know? Suddenly, big corporate players are setting their sights on agriculture as the new innovation frontier. The challenges are great. When the global population is exploding and the planet’s natural resources and land mass are being exhausted for agriculture, it’s critical that agricultural practices are as productive as possible. This panel will examine agtech start-up success stories, highlight the deep need for talent and challenge innovators to help advance agricultural technology.

MODERATOR:
• Nicholas Parker, Managing Partner, Global Acceleration Partners

PANELLISTS:
• Mike Dixon PhD, Professor, University of Guelph School of Environmental Sciences; Director, Controlled Environment Systems Research Facility
• Dr. Michael Duncan, Industrial Research Chair, Niagara College
• David Hunt, Co-Founder, Agrilarity; Board Member, Exponential Advisory Board, Singularity University
• Tyler Whale, President, Ontario Agri-Food Technologies

10:45am – 11:45am | Industry Theatre

Panel: What’s New in Aerospace

With its remarkable history of trailblazing, aerospace continues to be one of Ontario’s and Canada’s most robust and innovative industries. Hear industry representatives talk about some exciting new R&D projects underway and the innovative partnership approach that was taken to bring academic researchers and industry together to identify opportunities to collaborate on some of the next generation of globally competitive, technological advances.

MODERATOR:
• Moira Harvey, Executive Director, Ontario Aerospace Council
11:00am – 11:50am | Talent Theatre

Panel: Engaging China – The Largest and Fastest Growing International Market

A panel discussion on Ontario-China collaborations designed to connect Canadian tech companies to the Chinese market.

MODERATOR:

Michele Davies, Director, Partnerships Development, Ontario Centres of Excellence

PANELLISTS:

• Randall Howard, Angel of Canada 2014, General Partner, Verdexus Capital
• Dr. Claudia Krywiak, Vice President, Corporate Development, Planning and Strategic Initiatives, Ontario Centres of Excellence
• Zhishuo (Peter) Liu, Founder and President, China Canada Angels Alliance (CCAA); Founding Partner, River Capital

Disruptive Technology: A Case Study on Uber & Airbnb

This case study explores the challenges faced by regulation in the new age of disruption. Uber and Airbnb will serve as examples of how technology can emerge rapidly and create upheaval in existing markets, and how some creative new companies are successfully competing in the goods and services marketplace alongside established companies.

MODERATOR:
• John Stackhouse, Senior Vice President, Office of the CEO, Royal Bank of Canada

PANELLISTS:
• Jeffrey Weshler, General Manager of Expansion, Uber Canada
• Aaron Zifkin, Country Manager, Airbnb Canada
2:00pm – 3:00pm | NEXT Theatre
Panel: Clean Water For All: Not a Drop Too Soon

Access to clean water and sanitation are some of the world’s most pressing challenges, and especially challenging for developing countries. With its unparalleled access to clean water, Ontario has become a global hub for water technology innovation, from wastewater and treatment to water recovery and reuse. This panel will engage Ontario companies with creative solutions for continuing to improve Ontario’s water infrastructure and those that have succeeded in breaking into international markets or aspire to. Discussion will include the challenges posed by drought and water scarcity while keeping economic and environmental sustainability front of mind.

MODERATOR:
• Dr. Brent Wootton, Interim CEO, WaterTAP

PANELLISTS:
• Dr. Yu-Ling Cheng, Director of the Centre for Global Engineering; Professor of Chemical Engineering, University of Toronto
• John Coburn, Managing Director, XPV Capital
• Adam Doran, VP of Marketing and Sales, Aclarus Inc.
• Irene Hassas, Director, Strategic Partnerships & Government Relations, Newterra

About Ontario Centres of Excellence (OCE)

- In partnership with industry and academia, OCE co-invests to commercialize innovation originating in the province’s colleges, universities and research hospitals.

- OCE connects the dots between industry and academia while providing and identifying additional sources for funding and support. It all comes back to the province’s main goal: ensuring the best ideas get the support they need to get to market.

- OCE fosters a culture of entrepreneurship through programs that help young entrepreneurs develop business skills and launch new companies.

- OCE is a member of Ontario Network of Entrepreneurs (ONE), Ontario’s revitalized, client-focused, province-wide innovation network.
