Disclosure Report

Date Submitted: October 6th, 2023

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Operations located in Conflict Zones

Topic	Company operates in Conflict Zones
Summary of Issue	Geneva Global has an office in Ethiopia where they have operated their Speed School program since 2011. The goal of this program is to provide out-of-school children aged 9 to 14 an opportunity to rejoin formal education, equipping them with core knowledge, skills, behaviors, and motivation to continue and thrive in primary school and beyond. As of the 2022-23 academic year, Speed School has benefited over 265,000 children and their families in Afar, Amhara, Oromia, Sidama, SNNP, Somali, SWER and Tigray regions as well as Addis Ababa municipality. Speed School operates in close collaboration with the Ministry of Education and the respective regional, zone and woreda education offices.
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	Less than 10% of the company's revenue comes from Ethiopia
Impact on Stakeholders	Business activities located in conflict zones are considered high-risk as they are more likely to cause or contribute to the conflict and/or sociopolitical instability. Countries classified as conflict zones are more likely to have a weak rule-of-law or a corrupt judicial system, which could undermine the effectiveness of operational grievance mechanisms for these businesses and their suppliers. In addition, the safety of the company's workers and other potential human rights violations are at risk.
Implemented Management Practices	GG is not associated with any party in a conflict area. When the company works with local partners, they vet them to ensure they are not engaged in nefarious activities associated with the conflict. The company has policies and procedures that include: <ol style="list-style-type: none">1. A commitment to not force staff to work in such areas2. Statement proclaiming they are not involved in conflict or the conflict parties,3. Clearly outlines what roles they play in providing educational services to children within these areas of conflict.
