

## Score Roll Up Methodology Danone North America 2024

As the B Corporation Certification is a company-level certification, the assessment of a Parent Company is required to include its subsidiaries in which it owns >50% of the shares and has controlling interest. Depending on the operations of the certifying company, Parent Companies may roll up their subsidiaries into a single assessment or assess separately.

Regardless of whether a Certified Parent Company's subsidiaries are assessed together or separately, only distinct subsidiaries that B Lab has determined independently meet the performance requirement for certification are eligible to use the Certified B Corporation logo and refer to themselves as Certified B Corporations.

### Aggregated Scoring Methodology

Danone North America and all of its subsidiaries were required to be assessed in the B Impact Assessment and undergo a review by B Lab staff.

Danone North America and its subsidiaries were divided into seven assessments, and the overall score was calculated using a weighted average based on headcount.

The seven assessments are as follows:

- Danone North America
- Nutricia North America
- Danone Manifesto Ventures
- Danone Waters of America
- Happy Family Organics
- Alpro Belgium
- Alpro UK

Danone North America scored an overall 103.3 out of 200 total available points. The minimum verified score required for B Corp Certification is 80.

The table below shows the scores for the individual assessments:

Legal entity/Company name	BIA Score
Danone North America	98
Nutricia North America	111.6

Danone Manifesto Ventures	115.3
Danone Waters of America	85.2
Happy Family Organics	113.1
Alpro Belgium	127.9
Alpro UK	112.1

Note: The legal entity *Innovation Packaging & Process SA de C.V.* is wholly owned by Danone North America but has been excluded from scope of Danone North America's assessment. This legal entity is operationally linked to Danone Mexico's operations, and was instead included in the scope of Danone De Mexico's certification.

### Brands

Brands that are not distinct operating subsidiaries included in the Parent Company's certification are not Certified B Corporations themselves, but may use the Certified B Corporation logo if B Lab has determined they have independently met the performance requirement for certification. Otherwise, the Certified B Corporation logo shall only be used in reference to the brand as part of the Parent Company's certification. For a list of brands under Danone North America, see below. Brand list Below is a list of brands included in the scope of certification at the time Danone North America Certified.

Legal entity	Brand name
Danone North America	<ul style="list-style-type: none"> <li>• Activia</li> <li>• Aptamil</li> <li>• DanActive</li> <li>• Danimals</li> <li>• Dannon</li> <li>• Danonino</li> <li>• Follow Your Heart</li> <li>• Honest to Goodness</li> <li>• Horizon Organic</li> <li>• International Delight</li> <li>• Left Field Farms</li> <li>• Light + Fit</li> <li>• Oikos</li> <li>• Silk</li> <li>• So Delicious</li> </ul>

**Note:**

In April 2024, the Horizon and Wallaby brands were sold and are no longer subsidiaries, as defined in this document, of Danone North America. However, because they were included in Danone's 2024 B Corp assessment, they remain included on this list for a period of one year after the sale.
