

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

DISCLOSURE QUESTIONNAIRE CATEGORY	Significant layoffs of >20% of workforce
ISSUE DATE	March 2020
TOPIC	Significant layoffs due to COVID-19.
SUMMARY OF ISSUE	The only time the company laid people off was in March of 2020 due to Covid-19 and not knowing the economic impact it was going to have on the company.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	8 employees were laid off, representing 47% of the company's employees at that time.
IMPACT ON STAKEHOLDERS	Primary impact was loss of employment for affected employees.
IMPLEMENTED MGT PRACTICES	The company paid for an additional month of healthcare for the affected employees that utilized the company's group plan. The company also gave assistance and instructions on how to file for unemployment benefits.
OTHER MANAGEMENT COMMENTS	The Company took the Paycheck Protection Program (PPP) Loan which is a program offered by the United States Government that would help companies get back on their feet during COVID. As part of the program's condition, the company had to rehire back its workforce in numbers and not necessarily the same people. The company offered positions back to those were laid off but none accepted which resulted in the company hiring new people. Within the company's measurement period of 24 weeks, 60% of the funds had to be spent on payroll. The company's PPP loan was forgiven at the end of the measurement period since the company met all the benchmark requirements.
