Flow of Capital Overview

Please tell us more about how your product or service increases the flow of capital and/or provide capacity building to purpose driven enterprises.

Quantified Ventures designs, capitalizes, and scales bold solutions to address key environmental and social challenges. We work with pioneers and change makers to catalyze impact for the greater good by pulling the levers of data, finance, innovation, partnerships, and policy to produce verified environmental and social outcomes. From feasibility analysis, to outcomes valuation, to transaction structuring, and new governance or venture models, we work hand-in-hand with clients to build durable, financially viable, outcomes-driven structures to enable greater environmental and social impact. Examples include: developing a value-based framework for business partnerships among health plans and community-based organizations to scale community-based human services programs to address health-related social needs in underserved populations; a new type of labeled municipal bond that connects project performance directly to the bond buyers' return on investment to better align incentives and attract mission-aligned investors to innovative municipal projects with environmental and social impact; a scalable outcomes-based financing facility that efficiently pays farmers to profitably implement conservation practices on their own farms; a novel financing framework that blends economic development principles with outdoor recreation asset development for rural economic development and ecosystem conservation; and a first-of-a-kind revolving loan fund that leverages value-based-contracts with Medicaid health plans to attract the capital needed to efficiently expand local nonprofit service capacity.

Client Tracking Methods

Please provide a brief description of how you track your customer/client/beneficiary figures.

We are invested in working with clients to produce beneficial outcomes for people and planet. We track paying customers/clients based on invoicing data. We use that as a starting point for tracking projects and project beneficiaries. Within that we track project outcomes and the stakeholders engaged who benefit from our work. We maintain communication with clients after our paid work is complete to understand the aggregate outcomes / impact of our work. In addition, we conduct an annual internal review of projects and beneficiaries. On certain projects our continued communication and engagement can span years - as is evidenced by the DC Water Environmental Impact Bond, Baileys Trail System, and Hope Has a Home projects.

Management of Support for Underserved/Purpose Driven Enterprises

How does your company measure and manage the results, outcomes, effects, or impact of your product or service?

Select all that apply.

- We have formally defined the outcomes sought by our product or service and have developed a theory of change for them
- We have based our impactful product or service business model on established secondary research that demonstrates potential impact
- We have directly and formally engaged stakeholders in understanding their desires and needs when developing, refining, and or delivering our products or services
- We are verified to meet third-party standards for impact (e.g. we have impact-related product certifications)
- We measure near-term outcomes of the product or service to determine whether it is meeting the needs and expectations of our beneficiaries
- We measure long-term outcomes in order to assess whether the results of our product produce lasting positive impacts for our beneficiaries
- We have identified and measure and manage the unintentional or potential negative impacts of the product or service in addition to intentional positive effects
- We have identified and managed potential causes that could lead to a failure to deliver the positive outcome, to do so less efficiently than possible, or to produce other negative effects

Innovative Support for Underserved/Purpose Driven Enterprises

Is there something different or innovative about the company's product/service that support flow of capital that has changed the industry? Is this something that is replicable, unique at the time that it was created, and that has been emulated by other organizations?

Through our Environmental Impact Bonds, Soil and Water Outcomes Fund, Health Outcomes Fund, and forestry/outdoor recreation initiatives we have brought additional capital to green infrastructure, water, regenerative agriculture initiatives, health-related social needs, social services organizations, forest conservation, and outdoor recreation based conservation / economic development. We helped structure the first Environmental Impact Bond in the U.S. and manage the only regenerative agriculture program that pays farmers to produce beneficial carbon sequestration and water quality outcomes and which has engaged corporations and three levels of government (local, state, federal). To date, Quantified Ventures has mobilized \$400 MM+ in capital closed or in structuring for purpose-driven initiatives that benefit the health and wellbeing of people, communities, and the planet.

Serving Underserved Populations Direct - Impact Business Model

IMPACT BUSINESS MODELS

13.1

This IBM section is applicable if your company has qualified for a previous Customer IBM, and you can verify that your positive product/service impact benefits organizations that serve low income or traditionally underserved populations.

Underserved Beneficiaries Overview

Describe the beneficiaries or end-users of your products or services and how you characterize them as underserved.

Much of our work involves supporting organizations that serve low-income and/or vulnerable populations. We primarily characterize underserved beneficiaries based on income, though also include factors like health disparities (e.g., mortality rates or presence of chronic disease) and environmental justice (e.g., access to green space or clean water). Take our Health and Human Services group, which creates the conditions that enable healthcare organizations and community-based service providers to build robust business partnerships that improve health outcomes, address health disparities, and lower costs at scale. One example of this is Hope Has A Home, a medical respite facility in Washington, DC, that serves individuals experiencing homelessness and housing insecurity. We worked with AmeriHealth Caritas, Volunteers of America, and other partners to structure and execute value-based contracts between local Medicaid managed care organizations and Hope Has a Home to fill a critical care gap and improve health and social outcomes for patients at materially reduced costs. The program has served 70+ individuals in the past two years and is on track to double its capacity in Washington, DC. (<https://www.quantifiedventures.com/hope-has-a-home-medical-respite-program>) Examples from our Environment and Resilience group include: -- the Buffalo Sewer Authority Environmental Impact Bond, which provides \$50 million to finance green stormwater infrastructure to accelerate improvements to water quality, job creation, and environmental justice (<https://www.quantifiedventures.com/buffalo-eib>) -- Baileys Trail System, which spurred cross-jurisdiction collaboration, attracted \$11MM+ in funding and financing, and brought a surge of visitors, tourist revenue, new jobs, and investments in local businesses in towns that have suffered economically and environmentally from the coal industry's decline (<https://www.quantifiedventures.com/outdoor-recreation-financing-baileys>)

Tracking Underserved Beneficiaries

In what ways do you determine whether the organizations you serve directly support underserved populations?

- We collect demographic data about the beneficiaries of the organizations that we work with (e.g. income level) that might qualify them as traditionally underserved
- We review the mission of the organizations or projects that we work with to determine whether a core part of their mission specifically identifies underserved individuals
- Other - please describe
- None of the above

Impact on Underserved Populations Description

Which of the following best describes how your product or service benefits underserved populations described above?

Your answer to this unscored question is combined with other answers to automatically calculate your score in this section of the assessment.

- Our product or service directly helps purpose-driven enterprises improve positive impact for their underserved beneficiaries and is specifically designed to benefit that underserved population (e.g. teacher training or curriculum specifically designed to address challenges of teaching low income students)
- Our product or service directly helps purpose-driven enterprises improve positive impact for their underserved beneficiaries, but it is not designed specifically for that underserved population (e.g. general teaching curriculum sold to low income schools)
- Our product or service helps the financial viability of purpose-driven enterprises, which in turn allows them to continue to serve their underserved target population above (e.g. marketing or accounting services for a social service agency)
- None of the above

Points Available: 0.00

Underserved Group Demographics

If relevant, which of the following beneficiary groups is your product/service targeting?

Not all beneficiary populations are themselves under-served groups.

- Young children (younger than 5 years old)
- Children and adolescents (5 years of age or older but younger than 18)
- Adults
- Elderly/older adults
- Persons with disabilities
- Minority/previously excluded populations
- Women
- Pregnant women
- Other at risk populations
- None of the above

Increasing Accessibility for Underserved Groups

Does your company do any of the following to improve the access or impact of your product for the underserved populations that you serve?

- We use a cross-subsidization model whereby higher pricing for traditional organizations allows for lower or subsidized pricing for financially-constrained organizations serving the underserved
- We provide specific training or support to organizations on how to best serve underserved populations
- We engage with underserved beneficiaries who are served by client organizations in order to incorporate their perspective in product offerings and design
- None of the above
