

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

DISCLOSURE QUESTIONNAIRE CATEGORY	Significant layoffs of >20% of workforce
ISSUE DATE	June 2020
TOPIC	Significant layoffs due to [root cause - e.g. restructuring, closing of retail location, etc.
SUMMARY OF ISSUE	During the covid-19 related lock downs travel was illegal and then blocked for the best part of two years. Experience Travel Group therefore could not justify keeping on staff at the levels they had previously, even with furlough support. This was especially apparent once furlough was due to end. Therefore they kept on as many staff as they could afford, while making the rest redundant.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	6 people. This represented 30% of the staff at the time.
IMPLEMENTED MGT PRACTICES	Experience Travel Group (ETG) topped up furlough contributions for these staff members and gave them a 3 months notice so as to extend their cover until the end of September 2020. They only had a statutory duty to give them a month's notice and were not required to pay the top up furlough contributions during August and September. They spelt out the situation to them clearly, and explained the rationale behind why it was them and not the others kept on. And continue to enjoy excellent relationships with all of these people. They also offered post redundancy support to all employees and provided employment references where required. All redundant workers found new employment and many remain in close contact with ETG. Employees were paid the maximum statutory redundancy pay (tax free)
RELATED INCIDENTS (YES/NO)	Once only the time above which was put in place in June 2020.
