

## **Nestlé Nespresso S.A.**

### **2022 Aggregated Scoring Methodology**

#### **Nespresso and its Subsidiaries**

As the B Corporation Certification is a company-level certification, the Verification process of a parent company is required to include its subsidiaries in which it owns >50% of the shares and has controlling interest. Depending on the operations of the certifying company, parent companies may roll up their subsidiaries into a single B Impact Assessment or assess separately with multiple B Impact Assessments.

Parent companies and their subsidiaries that were included in the scope of certification, and share the same name as the certified parent, may use the B Corp logo with regards to the certified parent's brand. Only Certified B Corps that have met the performance requirement (ie. 80 point bar) may use the B Corp logo with regards to their specific entity.

#### **Aggregated Scoring Methodology**

Nespresso and its subsidiaries were divided into five assessments and the overall score was calculated using an employee-based weighted average. The five assessments are as follows:

1. Nespresso Global (HQ and Switzerland operations)
2. Nespresso Europe
3. Nespresso SAMA (South America, Middle East, Africa)
4. Nespresso USA (USA + Canada)
5. Nespresso APAC

Nespresso scored an overall 84.3 points out of 200 available points. The minimum verified score required for B Corp Certification is 80 points. B Impact Reports for each of the five B Impact Assessments are available in the accompanying document **Nespresso Transparent B Impact Assessments**.
