

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

DISCLOSURE QUESTIONNAIRE

Company Name: Pete & Gerry's Organics
 Date Submitted: 06/11/2021

Industries & Products	Yes	No
Please indicate if the company is involved in production of or trade in any the following. Select Yes for all options that apply.

DISCLOSURE QUESTIONNAIRE CATEGORY	Animal Products and Services
TOPIC	Company operates an animal farm and has direct control over the treatment of animals in its care.
SUMMARY OF ISSUE	Pete & Gerry's is an egg manufacturer that makes 100% of their revenue from the sale of eggs and egg products.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	There is a minimum of 1.2 square feet per bird inside barns + minimum of 2 square feet per bird outside on the pasture.
IMPACT ON STAKEHOLDERS	"Pete & Gerry's is Certified Humane, which is a program of Humane Farm Animal Care, a nonprofit organization whose mission is to improve the lives of all farm animals. The Certified Humane Free Range standard was developed by scientists and animal welfare experts and provides specific, measurable standards for farms like ours that raise egg-laying hens. In short, it supports and ensures that all of the company's hens enjoy a better lifestyle, including: No cages anywhere Fresh, pure water at all times Nutritious, high quality feed free of antibiotics and growth hormones Clean and spacious well-ventilated barns for laying, sleeping, socializing, and perching Well-maintained green, grassy pasture during the daytime"
IMPLEMENTED MGT PRACTICES	The farm conducts internal audits executed by their Farm Management team. Additionally, the company's farms are all Certified Humane(R) by Humane Farm Animal Care. The company is working on a statement to be included in the disclosure related to their humane certification.
