**B Corp Certification - Disclosure Questionnaire Documentation Disclosure Questionnaire
category: Clients in Controversial Industries Updated as of: 19/08/2024**

Nile HQ is currently involved or has had involvement within the last five years in providing services and/or products to companies in the following industries considered controversial by B Lab Global: Alcohol and Charity Lotteries.

Alcohol:

- Our work here is in the high-end Scotch malt whisky industry, one of the key exports of Scotland of which we're very proud to be affiliated with.

Charity lotteries:

- Our work here is with one of the leading charity lotteries, which has contributed over £1.3bn to a variety of British charities.

While products and services to clients in controversial industries could help mitigate potential negative impacts or serve only as commonplace goods and services for the companies, they also could have the potential to enable the growth of the industry and indirectly contribute to its negative impacts.

Certified B Corps are required to make transparent their involvement in such industries. Any party aware of specific company practices that have had a negative impact related to its involvement in these or other controversial industries, and which may constitute a violation of the B Corp standards, may contact us via hello@nilehq.com or in writing to the address above.
