

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

DISCLOSURE QUESTIONNAIRE

Company Name: KOA + Roy
Date Submitted: 06/21/2023

Industries & Products	Yes	No
Please indicate if the company is involved in production of or trade in any the following. Select Yes for all options that apply.

DISCLOSURE QUESTIONNAIRE CATEGORY	Other Disclosures
TOPIC	Body care products containing CBD
SUMMARY OF ISSUE	KOA+ROY is a company based in the United States that sells body-care cubes, some of which contain between 200 to 800 mg of Organic Isolate CBD; a non-psychoactive compound derived from organically grown hemp. The company sources the organic hemp from a domestic company.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	In the last fiscal year 48% of the KOA+ROY's revenue was derived from the sale of body-care cubes with CBD.
IMPACT ON STAKEHOLDERS	Current regulations governing the legality of cannabis-derived products are complex in the United States due to different layers of federal, state, and local laws. Thus, the legal landscape around such products, particularly CBD, is somewhat ambiguous at this time. There are many companies that do sell legally CBD products, which are designed to be non-psychoactive. While the risk of criminal prosecution may be low or negligible, B Lab encourages consumers, retailers, and manufacturers to conduct their own research based on individual circumstances to determine the legality of certain cannabis-derived products in one's jurisdiction.
IMPLEMENTED MGT PRACTICES	The hemp extract KOA+ROY uses is an isolate, meaning there is no THC. For every batch ordered, the company obtains a Certificate of Analysis independently Lab Tested confirming over 95% CBD and 0% wt. THC. The company is not involved in the sale of medicinal or recreational use marihuana.
