## Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

# Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Litigation, Arbitration, and/or Penalties

<b>Issue Date</b>	4-May-23
<b>Topic</b>	Litigation regarding Shareholders
<b>Summary of Issue</b>	In 2018, the company filed a complaint against one of the shareholders in the circuit court to seek a declaration that the shareholder is an at-will employee and the company has a right to terminate his employment. However, the shareholder denied that he is an at-will employee and included counterclaims alleging that the shareholder agreement is unenforceable, and sought injunctive relief. This dispute was settled in Oct 2018 by buying his shares in the company for 21% of 2018 revenue. As of that settlement date, the shareholder was no longer a part of the company.
<b>Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)</b>	The settlement payment is being paid annually for over a period of 10 years since 2018. The value of the first settlement is 21% of the company's 2018 revenue. The company is making the balance payment on a yearly basis which is estimated to be 1-2% of the company's annual revenue.
<b>Impact on Stakeholder(s)</b>	Shareholders
<b>Resolution</b>	The case was closed and settled with payment
<b>Implemented Management Practices</b>	There has only been one shareholder since the settlement, so this issue is not possible to occur again, unless there are additional shareholders in the future, but there are no plans to do so.
<b>Related Incidents (Yes/No)</b>	No.
