Mission & Engagement

Level of Impact Focus

Describe your company's approach to creating positive impact.

This is an unweighted question that will not impact your score and is asked only for research/benchmarking purposes.

O Creating positive social or environmental impact is not a focus for our business

O We occasionally think about the social and environmental impact of some aspects of our business, but not frequently.

O We frequently consider our social and environmental impact, but it isn't a high priority in decision-making.

• We consistently incorporate social and environmental impact into decision-making because we consider it important to the success and profitability of our business.

• We treat our social and environmental impact as a primary measure of success for our business and prioritize it even in cases where it may not drive profitability.

Description of Positive Environmental Product / Service Impact

How would you describe the positive outcome for the environment created by your product/service?

"Of all food products, plant-based foods have the lowest environmental impact when it comes to carbon emission, water use and land use."

Environmental Product or Service Impact

Is the environmental impact you've described part of your products' or services' impact (excluding packaging), or is it a part of the way that your company operates?

Companies should earn revenue from the product or service that has an environmental impact. Please do not include pro bono efforts within this section.

• The impact is created by a revenue-generating product/service line (e.g. selling non-toxic cleaning products, sustainability consultancy)

O The impact is created by the company's daily operations (e.g. using non-toxic cleaning products in the company's headquarters) and not the core product/service

Points Available: 0.00

Environmental Product Benefits

In what way or ways does your product/service conserve the environment?

Please select ONE option per product line. You may select an additional option if your product line has two separate environmental attributes.

Provides or is powered by renewable energy or cleaner-burning energy than market alternatives (e.g. solar panel

manufacturers/installers, hybrid vehicles)

Conserves or diverts resources (including energy, water, materials, etc.)

Conserves or preserves the well-being of land and/or animals (e.g. land protection or reforestation services, sustainably harvested agricultural products)

Reduces or is made of less toxic/hazardous substances (e.g. brownfield remediation services, organic certified food, non-toxic cleaners)

Educates, measures, researches, or provides information to solve environmental problems (e.g. environmental consulting or auditing)

O None of the above
