

# Viña Concha y Toro S.A.

## 2021 Aggregated Scoring Methodology, Summary and Brand List

### Viña Concha y Toro & its Subsidiaries

As the B Corporation Certification is a company-level certification, the assessment of a Parent Company is required to include its subsidiaries in which it owns >50% of the shares and has controlling interest. Depending on the operations of the certifying company, Parent Companies may roll up their subsidiaries into a single assessment or assess separately.

### Aggregated Scoring Methodology

Viña Concha y Toro and its subsidiaries were divided into five assessments, and the overall score was calculated using a revenue-based weighted average. The five assessments are as follows:

- Viña Concha y Toro S.A. (1 assessment)
- Viña Cono Sur S.A. (1 assessment)
- Trivento Bodegas y Viñedos S.A. (1 assessment)
- Southern Brewing Company S.A. (1 assessment)
- Fetzer Vineyards (1 assessment)

Viña Concha y Toro scored an overall 81.4 points out of 200 available points. The minimum verified score required for B Corp Certification is 80 points. B Impact Reports for each of the five Assessments are available in the accompanying document - **Viña Concho y Toro Aggregated B Impact Assessment 2021**.

Learn more about the [B Impact Assessment](#).

### Transparency Requirement for Publicly-Traded Companies

Viña Concha y Toro S.A. is a publicly-traded company. A publicly-traded company that is a Certified B Corporation is required to make transparent its answers to all non-sensitive questions on the B Impact Assessment. As Viña Concha y Toro S.A. has not yet met the [B Corp Legal Requirement](#), all of its subsidiaries' assessments are required to be made transparent as well.

### Subsidiaries

Regardless of whether a Certified Parent Company's subsidiaries are assessed together or separately, only distinct subsidiaries that B Lab has determined independently meet the performance requirement for certification are eligible to use the Certified B Corporation logo and refer to themselves as Certified B Corporations. The subsidiaries that have met the performance requirements are:

- Trivento Bodegas y Viñedos S.A.
- Fetzer Vineyards
- Viña Cono Sur S.A.\*

*\*Although Viña Cono Sur's assessment score is displayed as 75.3 points on their B Impact scorecard, the company made additional verified improvements to achieve the 80 point performance requirement.*

## Brands

Brands that are not distinct operating subsidiaries included in the Parent Company's certification are not Certified B Corporations themselves, but may use the Certified B Corporation logo if B Lab has determined they have independently met the performance requirement for certification. Otherwise, the Certified B Corporation logo shall only be used in reference to the brand as part of the Parent Company's certification. Other brands not under the control of the certifying entity are not eligible for Certified B Corp branding (e.g. brands/products sold by Viña Concha y Toro companies that are manufactured by other companies).

## Brand List

Below is a list of brands under the control of Viña Concha y Toro companies that were included in the scope of certification at the time Viña Concha y Toro certified. They are categorized based on whether they have been determined to have met the performance standards for certification independently.
