Disclosure Report

Date Submitted: February 20th, 2026

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

B Lab's Public Complaints Process

Any party may submit a complaint about a current B Corp through [B Lab's Public Complaint Process](#). Grounds for complaint include:

- 1) Intentional misrepresentation of practices, policies, and/or claimed outcomes during the company's [certification process](#)
- 2) Breaches of the B Corp Community's core values as expressed in our [Declaration of Interdependence](#)

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Litigation, Arbitration, and/or Penalties

Issue Date	2023 - 2025
Topic	Litigation, Arbitration, and/or Penalties related to Clinical Care claims
Summary of Issue	ConvenientMD, a US-based urgent care provider, has been involved in four patient care-related legal claims over the past five years. Three claims have been resolved through settlement, i.e., patient injury during blood draw (2023), and two additional resolved patient care claims (2024, 2025), with settlements completed. One claim remains open (misdiagnosis, filed in 2023), with a trial currently scheduled for 2027.
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	The financial exposure associated with these claims represents less than 1% of the company's total revenues. The matters relate to 4 different individual patient encounters and do not involve a broader population-level impact.
Impact on Stakeholders	Potential impact on patients and their families includes health-related outcomes and concerns arising from individual care encounters.
Resolution	Three matters were resolved through settlement. One matter is currently pending and is proceeding through the legal process.
Management Practices	The company has taken appropriate steps to address these matters, including maintaining and reinforcing clinical governance, staff training, incident review/quality assurance practices, and patient safety escalation protocols.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Hazardous Materials Industry

ConvenientMD reported that it works in the Hazardous materials industry. This industry presents potential risks to human health, such as exposure to harmful substances, accidents, and long-term health effects. These industries can also contribute to environmental challenges, including pollution, habitat disruption, and the release of chemicals that impact soil, water, and air quality. Certified B Corps must make their involvement in the industry transparent under their B Corp Profile.
