

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

DISCLOSURE QUESTIONNAIRE CATEGORY	Significant layoffs of >20% of workforce
ISSUE DATE	April 2020 to Aug 2021
TOPIC	Significant layoffs due to COVID-19.
SUMMARY OF ISSUE	"Work.Life made 13 people redundant at one time due to Covid. The company sadly had to make these redundancies due to the impact Covid had on its growth plans. In 2019, the company hired ahead of its 2020 growth. When Covid hit, the company had to do a lot of cost saving exercises. Work.Life kept many of the team on furlough for as long as possible, but had to make a decision that once the company had to start contributing to furlough, it had to make the layoffs."
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	13 employees were laid off, representing approximately 25% of the company's employees at that time.
IMPACT ON STAKEHOLDERS	Primary impact was loss of employment for affected employees.
IMPLEMENTED MGT PRACTICES	"Work.Life gave employees 2 months-notice of their redundancies and kept them on furlough until the end of August to support them in finding alternative roles. If employees had been with the company for over 2 years, they received statutory redundancy pay. The company always tries to provide assistance with finding new employment. The company let its networks know, shared CVs with companies it knew were hiring, introduced employees to the recruiters the company works with and also shared jobs that the company saw were suitable to the employees who were made redundant. The company's co-founder also shared a post on his LinkedIn to promote the staff to their network. "
RELATED INCIDENTS (YES/NO)	"This is the only round of layoffs the company has done pre-March 2021. The company laid off five more employees in November 2021. "
