Corporation

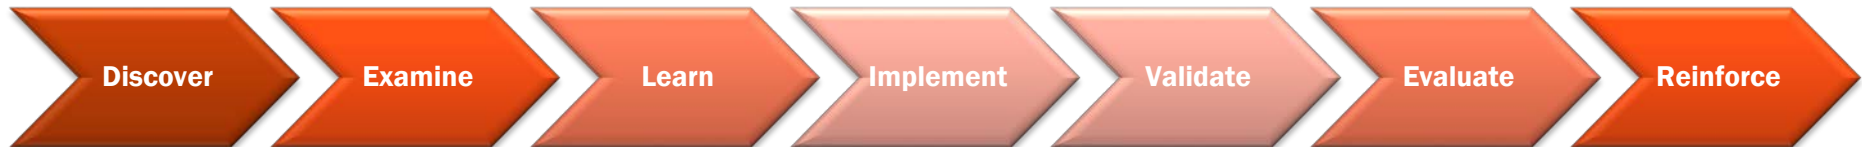

**PMLogic are an award winning, Certified B Corporation and principle-based program management company that helps executives deliver their strategic objectives in a sustainable way.**

# Our Principles

We aim to understand your why; that is, why a program is to be or has been undertaken, why it is where it is, and where we can add most value as well as **DELIVER** immediate results through our proven and sustainable strategy implementation approach:

# What can we do for you

## Strategy

Design thinking and creative challenging, to address the right issues, the right way.

## Execution

Orchestrating action, to move complex problem solving from a vision into results.

## Assurance

On-track assurance for current programmes and projects ensuring on-going alignment with strategic objectives.

## Control

Governance, controls and risk management frameworks that are robust, consistent and accessible.

## Delivery

Each consultant brings over 15 years' experience in delivering results in the Portfolio, Programme and Project Management arena.

## Agility

Facilitating the aptitude to test and learn in a volatile, uncertain, complex and ambiguous environment.

## People

Establishing best-fit at individual and team levels for culture of genuine and meaningful engagement.

## Education

Agile Scrum, Lego workshops, transformation coaching, certified training in P3O®, MSP® and PRINCE2®.

## Industry Experience

Defence, Health, Regulators, Infrastructure, Not For Profit, Finance, Insurance, Telco, Utilities, Legal, Technology, Government, Manufacturing.
