

Guts & Grace

CUSTOM TEAM OFFSITES

Take your leadership team to the next level this year with a live event, custom designed with both strategy and mastery in mind.

Guts & Grace team offsites are designed in partnership with the client to meet both your strategic planning and team building or leadership development needs. Drawing upon our unique Body-Centered Innovation™ methodology, we use mindfulness practices, just-in-time feedback and live laser coaching to help your team build new skills while tackling meaningful business challenges in real time.

CUSTOM DESIGNED FORMATS:

- HALF-DAY VIRTUAL
- FULL DAY LIVE
- 2-4 DAY CUSTOM LIVE

Popular Topics Include:

- Giving & Receiving Feedback
- Business Development Mindset
- Post-Pandemic Growth & Scale
- Proactive Leadership
- Strategic Planning
- Industry Disruption

ARE YOU READY FOR LIVE MEETINGS, POST PANDEMIC?

The COVID pandemic proved that virtual learning can be effective. But there's still nothing like spending a day or two together, away from the daily grind, to skyrocket productivity as a team. Our live offsites maximize the value of your time by including unique, engaging activities that build deep rapport and exponentially increase trust back at work.

FACILITATOR BIO

LeeAnn Mallorie, MAPP, MSC is a certified executive coach and trainer with over 15 years' experience helping leaders face bottom-line challenges while combating both meaning depletion and burnout. She began her career in traditional consulting, working with teams from around the globe. Yet she soon found something was missing—the body. Today, LeeAnn introduces unique approaches and more diverse values into business strategy, as the keystone to solving some of our stickiest problems. Her Guts & Grace program bridges the gap between the hard-driving logical mind and the ancient wisdom of the soul, for client result that last.
