Disclosure Report

Date Submitted: October 28th, 2024

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Other - Clients in Controversial Industries

Topic	Clients in Controversial Industries
Summary of Issue	<p>Metal & Wood Design Co (M&W) is a gift and souvenir manufacturer. Sustainable materials are used in the making of the gift and souvenirs. The products are mainly Forest Stewardship Council (FSC) certified, Recycled Materials and Sustainably Sourced Cotton. Besides that, the company uses digital printing, Eco-friendly ink and laser cutting technology.</p> <p>The company has clients in the Zoos, Aquariums, & Animal Parks industries which are deemed controversial by B Lab.</p> <p>The products provided to the clients can be sold to other clients in different industries, including other both non-controversial and controversial industries, although it is tailored from client/industry to client/industry.</p>
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	In the fiscal year of 2024, the company had earned 1-5% of total revenue for the clients in the Zoos, Aquariums, & Animal Parks industries.
Impact on Stakeholder(s)	<p>Companies that work with clients in controversial industries can indirectly increase the harmful impact to stakeholders by enabling business growth. Therefore, companies that work with clients in these industries should have practices in place to ensure that their impact is aimed at decreasing the negative impacts of the industry.</p> <p>B Lab has flagged the involvement of companies with clients in controversial industries as a material issue and new standards will be created to address possible risks related to this matter.</p>
Implemented Management Practices	<p>M&W currently does not have a formal position on working with particular sensitive industries or a policy to move away from them.</p> <p>The company does not have a formal due-diligence/client screening process for potential clients. However, M&W only deals with prospective clients that have similar value structures</p>

The company provides an alternative to the Zoos, Aquariums, & Animal Parks industries where traditional plastic products are prevalent in the market. Many zoos and aquariums are moving towards phasing out the use of plastics in their facilities and M&W is at the forefront of offering other alternatives.
