

Charterhouse Capital Partners LLP

Disclosure Report Date Submitted: January 22nd, 2025

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

Disclosure Questionnaire Category: Tax Reduction Through Corporate Structure

Topic	Equity investment company with entities in low tax jurisdictions
Summary of Issue	Charterhouse Capital Partners is a private equity firm headquartered in the UK . The company has two non-operational entities, Charterhouse GP Lux S.a r.l. and CCP GP S.a.r.l., registered in Luxembourg. Both entities are responsible for their tax matters.
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	To date Charterhouse GP Lux S.a r.l. and CCP GP are both loss making and do not pay the Corporate Income Tax (CIT). The CIT rate for Luxembourg is 24.94%.
	Charterhouse Capital Partners LLP has a corporate member (CDC) which is subject to UK corporation tax at a rate of 25%. It also has over 30 individual members who are taxable at UK income tax rates of 45%.
Impact on Stakeholder(s)	Companies in the wealth planning structures industry play a significant role in global wealth holding and creation, alongside other financial service companies, especially those who operate in jurisdictions that are known as tax havens for corporations or individuals. Given the important nature of their services, their operations and business models also have associated risks. While a company's specific risk will vary, the most material potential risks related to the industry can be categorized as: concealment of beneficial ownership and wealth sources; money laundering and corruption; and tax evasion and avoidance.
Implemented Management Practices	Charterhouse Capital Partners LLP recognises the importance of being a responsible member of the tax community and engages with reputable professional advisors to ensure it meets all tax reporting obligations with respect to the groups' activities in Luxembourg including any obligations arising to group entities under Corporate Income Tax , Net Wealth Tax (NWT), Value Added Tax (VAT), Transfer Pricing and withholding taxes.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Other - Clients in Controversial Industries

Topic	Clients in Controversial Industries
Summary of Issue	Charterhouse Capital Partners LLP is an investment company that has had clients in the For-Profit Higher Education & Pharmaceuticals industry. The nature of the company's services with clients in these industries has been related to managing private equity funds, all services can be sold to both controversial as well as non-controversial industries.
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	The revenue from clients operating in the For-Profit Higher Education industry represented 9.6% in FY23-24. The revenue from clients operating in the Pharmaceuticals industry represented 22.3% in FY23-24.
Impact on Stakeholder(s)	Companies that work with clients in controversial industries can indirectly increase the harmful impact to stakeholders by enabling business growth. Therefore, companies that work with clients in these industries should have practices in place to ensure that their impact is aimed at decreasing the negative impacts of the industry.
	B Lab has flagged the involvement of companies with clients in controversial industries as a material issue and new standards will be created to address possible risks related to this matter.
Implemented Management Practices	The company does not have any positions on working with clients in sensitive industries.
	The company reviews the investments our funds make in businesses against a number of criteria which include ESG factors, particularly social and environmental impact to stakeholders, legal due diligence and reputational matters, alongside any financial factors. The pre-acquisitional due diligence serves to establish an understanding of the sustainability approaches and practices at the investee company, the alignment to our own ESG strategy and anticipated themes of enhancement and value creation.
	Charterhouse and its general partners are regulated by the UK Financial Conduct Authority (FCA) which requires compliance with FCA conduct rules, amongst others. Charterhouse requires

all its portfolio companies to implement ethical conduct polices or codes, and provide regular training to employees and management teams on these policy requirements.
