

# AT Osborne Holding B.V.

Disclosure Report Date Submitted: June 25th, 2025

© B Lab 2023

## **Disclosure Materials**

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company

## **Disclosure Questionnaire**

## **Disclosure Questionnaire Statement**

**Disclosure Questionnaire Category: Other - Clients in Controversial Industries** 

Topic	Clients in Controversial Industries
Summary of Issue	AT Osborne Holding B.V. has clients in the following industries: Nuclear Power.
	The types of services offered to these clients include: - Construction projects management.
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	In the last fiscal year, 3.72% of the company's annual revenue was from clients in the Nuclear Power industry.
Impact on Stakeholder(s)	Companies that work with clients in controversial industries can directly or indirectly increase the harmful impact to stakeholders by enabling business growth. Therefore, companies that work with clients in these industries should have practices in place to ensure that their impact is aimed at decreasing the negative impacts of the industry.
	Companies offering certain types of services and products to controversial clients are required to have at minimum a grievance/complaints mechanism and a whistleblower protection policy.
Implemented Management Practices	AT Osborne Holding B.V. has the following mechanisms in place to manage the risks associated to serving clients in the controversial industries:
	Grievance/complaints mechanism. This is accessible to the public through Grievance channels available on the company's website. Once a grievance is submitted, the company acknowledges its receipt and informs the complainant of the next steps, parties involved and confidentiality. Then the company conducts an initial review to assess the validity and seriousness of the complaint to determine whether further investigation is required. Based on the analysis, measures can be implemented to resolve the problem and prevent future complaints. The complainant will be kept informed in writing of

	the progress and the final resolution of the complaint. All steps and actions taken to resolve a complaint are documented. Complaints and resolutions are periodically evaluated in the management review.
	Whistleblower Protection Policy. The Policy includes the company's commitment to protecting whistleblowers from any type of retaliation. Retaliatory actions will result in disciplinary measures. The company is committed to provide regular training to employees to ensure they understand their rights and responsibilities under this policy.
Report	Grievance mechanism
