Disclosure Report

Date Submitted: March 26th, 2025

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

Topic	Compulsory overtime
Summary of Issue	Rat Race (Events) Ltd is a company located in the UK that organizes global ultramarathons and multi-sport adventure events. Depending on the events, the company may require employees to work overtime.
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	During the last fiscal year, 50% of employees worked overtime.
Impact on Stakeholder(s)	Employees that work compulsory overtime can experience increased stress and have less time to spend on activities outside of the workplace. Workers are not obliged to provide services in overtime, except in cases of danger or accident that has occurred or imminent due to force majeure, or due to exceptional demands of the company.
Implemented Management Practices	<p>All employees are informed during the hiring process that overtime may be required. No extra pay is offered on an hourly basis, and this is communicated in writing in all contracts. If employees are unable or unwilling to work overtime, the company encourages open dialogue to understand their reasons and capacity. If necessary, work may be redistributed among other team members, and a plan will be developed with the employee to address any issues raised in the discussion on a long-term basis.</p> <p>To reduce the possibility of burnout, the company ensures that employees take mandatory breaks as required by law. The company monitor for signs of overwork and fatigue, encouraging supervisors to redistribute workloads to prevent excessive overtime for specific employees. The company promotes a healthy work-life balance and offers flexible working arrangements, including remote work where possible. Additionally, they discourage after-hours emails and calls between employees, provide extra rest days and annual leave for those who work extended hours through our unlimited holiday policy, and recognize and reward employees with bonuses and additional time off.</p>
