Enro Limited t/a Superscript

Disclosure Report

Date Submitted: February 8th, 2024

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company

Disclosure Questionnaire

Industries and Products

	Yes	No
Please indicate if the company is involved in production or trade in any of the following. Select Yes for all options that apply.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Others - Clients in Controversial Industries

Topic	Clients in Controversial Industries
Summary of Issue	Superscript offers insurance products and services in the UK and has ongoing clients operating in the Gambling and Payday Short term/high interest lending industries. Services to clients in the gambling industry involved the provision of insurance coverages for gaming developers specializing in providing software for gambling companies and casinos. Clients in the Payday short-term/high interest lending industry are regulated buy-now-pay-later and short-term lending fintech businesses. Superscript's service can be offered to both clients in controversial as well as non-controversial industries.
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	Clients operating in the Gambling industry represented 0.27% of the company's FY2022 revenue. Clients operating in the Payday short term/high interest lending industry represented 5.23% of the company's FY2022 revenue.
Impact on Stakeholders	Companies that work with clients in controversial industries can indirectly increase the harmful impact to stakeholders by enabling business growth. Therefore, companies that work with clients in these industries should have practices in place to ensure that their impact is aimed at decreasing the negative impacts of the industry. B Lab has flagged the involvement of companies with clients in controversial industries as a material issue and new standards will be created to address possible risks related to this matter.
Implemented Management Practices	Enro Limited t/a Superscript does not have a position on working with clients in controversial industries. The company undertakes sanctions checks, politically exposed persons and ultimate beneficial owners checks on all clients with which they work.
Management Comments	Superscript wishes to highlight that whilst they secure insurance policies for certain Fintech and Tech businesses who operate in the Gambling and Payday Short-Term/High-Interest
