

## DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

**This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.**

## DISCLOSURE QUESTIONNAIRE

Company Name: Goodkind Co  
 Date Submitted: 08/29/2022

Industries & Products	Yes	No
Please indicate if the company is involved in production of or trade in any the following. Select Yes for all options that apply.		
Animal Products or Services		✓
Biodiversity Impacts		✓
Chemicals		✓
Company Explanation Of Disclosure Item Flags		✓
Disclosure Alcohol		✓
Disclosure Firearms Weapons		✓
Disclosure Mining		✓
Disclosure Pornography		✓
Disclosure Tobacco		✓
Energy and Emissions Intensive Industries		✓
Fossil fuels		✓
Gambling		✓
Genetically Modified Organisms		✓

## B Corp Certification - Disclosure Questionnaire Documentation

PROVIDED BY:

Goodkind Co

UPDATED AS OF:

08/29/2022

<b>DISCLOSURE QUESTIONNAIRE CATEGORY</b>	Environmentally Intensive Industries
<b>TOPIC</b>	As a manufacturer of personal care water-based products, Goodkind Co operates in an industry that is water intensive.
<b>SUMMARY OF ISSUE</b>	<p>"Approximately 25% of Goodkind Co's annual revenue comes from water-based products.</p> <p>These water based product can contain up to 70% of water by volume."</p>
<b>SIZE/SCOPE OF ISSUE</b> (e.g. \$ financial implication, # of individuals affected)	<p>"As a water-intensive industry, the production of water-based personal care may cause water stress or depletion of local water sources if water use is not appropriately managed.</p> <p>To manufacture these water-based products Goodkind Co utilizes a reverse-osmosis system which generates a material amount of water waste.</p> <p>The company is not located in a water-stressed region. "</p>
<b>IMPLEMENTED MGT PRACTICES</b>	<p>"- Goodkind Co stated that the majority of its products are anhydrous, which according to them have less of an impact than many in the industry who derive the majority of their revenue from water-based products,</p> <p>- The company is currently in the process of upgrading its reverse-osmosis system which should reduce the amount of waste generated during the purification process (but not eliminate it)."</p>
<b>IMPACT ON STAKEHOLDERS</b>	<p>"- Goodkind Co stated that the majority of its products are anhydrous, which according to them have less of an impact than many in the industry who derive the majority of their revenue from water-based products,</p> <p>- The company is currently in the process of upgrading its reverse-osmosis system which should reduce the amount of waste generated during the purification process (but not eliminate it)."</p>
<b>MANAGEMENT COMMENTS</b>	The company is focused on reducing waste overall, and specifically related to reducing rework due to manufacturing issues. The company also reduces waste water when possible.
