

Heron House Financial Management Ltd.

Disclosure Report

Date Submitted: August 16th, 2024

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company

Disclosure Questionnaire

Industries and Products

	Yes	No
Please indicate if the company is involved in production of or trade in any of the following. Select Yes for all options that apply.		
Animal Products or Services	☐	☒

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Fines & Penalties

Issue Date	2021, 2022
Topic	Penalties related to pension transfers.
Summary of Issue	Over the last 5 years Heron House Financial Management Ltd has had 3 complaints related to pension transfers. The complaints were made by the company's clients to the Financial Ombudsman Service (FOS) related to British Steel Pension Scheme (BSPS) and based on the Financial Conduct Authority's (FCA) recommendation to proceed with these claims. The company advised a total of 11 BSPS clients to transfer out of the scheme, and despite the FCA encouragement to complain, only 2 of the 11 did so.
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	The company paid a £15,815.20 penalty that represented <1% of its annual revenue and a £300 distress and inconvenience payment.
Impact on Stakeholders	The company's clients were impacted.
Resolution	One case concluded in settlement pay, another in distress compensation pay. The third complaint was closed, as the client did not progress the complaint further or refer it to the FOS.
Implemented Management Practices	The company decided to withdraw its Defined Benefit (DB) pension transfer advice permissions.
Report	Public report on the Financial Ombudsman Service (FOS) website regarding the British Steel Pension Scheme complaint for which the company paid a penalty.
Management Comments	It was extremely unexpected and we took it very seriously when we received three consecutive complaints that were instigated by a change in regulatory stance on pension transfers. In response to these complaints, we affirm that the company always offers its services with the client's best interests in mind. Throughout our 30 years in business, we have maintained an excellent reputation and track record, and we have earned numerous accolades over the years, including the honor of being named Best Adviser in Wales by Citywire ten times, most recently in 2024.
Related Incidents (Yes/No)	No.
